The 4th January 1899.

No. 1.—*Notification.*—The sad news of the death at Lahore of the Right Reverend Henry James Matthew, D.D., second Bishop of Lahore, on the 2nd December 1898, was received by the Lieutenant-Governor while on tour with the deepest regret. Sir Mackworth Young desires to place on record the sense which he entertains of the faithfulness, wisdom and zeal with which the late Bishop Matthew discharged the arduous duties of his high office, and the severe loss which has been sustained by all classes of the community in his death. The late Bishop's wide sympathy and charity are well known throughout the Province, and the Lieutenant-Governor is sure that universal regret will have been felt at his death, which was probably due to his unsparing labours in ministering to the needs of his Diocese.

The Lieutenant-Governor returned to Lahore on the 3rd December to be present at the funeral which was very largely attended, and as a mark of respect ordered that all Courts and public offices in Lahore should be closed on that date.

Assistant Supdt. (Witness).

This certificate should be forwarded to the Registrar on the same day.

10. A day before the commencement of the examination, each Superintendent should see to the satisfactory arrangement of examination tables and seats. He should take care so to place the candidates as to render all communication between them impossible. Candidates from the same sch ool or college must be seated well apart to prevent collusion.

A card giving the number and name of each candidate on the roll should be fixed in a conspicuous place, to the back of each desk, so that the candidate may readily find out his place. After the conclusion of the examination a plan of the examination-room, showing the position of each candidate relative to the others, should be sent to the Registrar.

11. The candidates whose names are entered in the roll sent by the Registrar are to be assembled in the examination-room without books, papers or references of any kind.

12. The rules given below for the direction of candidates are to be read aloud before the distribution of papers by the officers in charge. Copies are also to be placed on the outside of the examination-room, or in such other conspicuous places as may be convenient.

13. Superintendents should direct the students to write neatly and legibly; they should prevent any undue waste of writing or blotting paper, and they should take particular care that no candidate enters the room with books, papers or notes of any kind in his possession.

14. In the case of the Middle School Examination half sheets of French Foolscap, or paper of similar size and texture, should be used for the answers of the candidates. For all the other examinations blank books will be supplied from the Registrar's Office. One side only should be written on.

15. *Superintendents should remain in the Examination Hall during the time allotted for each paper ;* they should on no account speak or permit any one to speak to a candidate on any subject pertaining to the questions during the hours of examination, except for the purpose of correcting misprints or other errors calculated to mislead the candidate.

The Superintendent should, without loss of time, draw the Registrar's attention to any misprint, mistranslation or ambiguity which may have come to his notice, for the information of the Examiner.

16. As soon as the time allotted has expired, the answer papers should be carefully collected, and the examination-room cleared of all candidates. *The papers shall be arranged in numerical order, those from each school or college being tied up into a separate bundle.*

The answer papers of each candidate should be strung together at the top left-hand corner in the case of papers written in English, Devanagri or Gurmukhi characters, and at the top right-hand corner in the case of papers written in Persian character.

17. *The Officer in charge should see that answers of all candidates have been received and despatched*; where a candidate is absent, a memorandum to this effect should be put up with the answers of the other candidates. Every candidate who is present must deliver up his answer book or answer paper, with the necessary particulars filled in, to the Superintendent, even though he may not answer any part of the paper. In this case the Superintendent will write on the book or paper the words "not attempted."

18. All the answers received each day should be securely packed and sealed and despatched by parcel post direct to the Examiners named on the covers containing the question papers, a receipt for the same being taken from the Post Master. An intimation of the despatch of the packets should be sent to the Examiners on the same day.

19. Superintendents should forward to each Examiner, together with the answer-papers of the candidates, one copy of the question paper and its translations.

20. All necessary expenses for paper, postage, arrangement of examination-rooms, &c., will be paid by the Registrar on the submission of a detailed bill.

Superintendents are expected to make as economical arrangements as are possible and as are consistent with efficiency in all matters involving the expenditure of money.

21. At the close of the examination, the Syndicate will require to be informed if the examination has been conducted in accordance with these rules. Any infringement of the rules by the candidates should be fully reported.

22. In the event of circumstances arising which necessitate a deviation from the present rules, the Superintendent should report his action immediately to the Registrar.

DIRECTIONS FOR CANDIDATES.

23. The doors will be opened each day half an hour before the time specified for the distribution of each paper. After the papers have been distributed no candidate can be admitted.

24. A seat with a number will be allotted to each candidate. Candidates will be required to find out and occupy their allotted seats.

25. The order in which the candidates are seated will be forwarded to the Examiners. Should a candidate be discovered to have copied from another, he will be excluded from the examination, as well as the candidate from whom he copied, if there is reason to suppose that the copying was connived at by the latter.

26. No candidate, without the special permission of the officer in charge, is to leave his seat or the examination-room until the end of the examination. No candidate is to speak without permission: if it be necessary for the candidate to communicate with the Superintendent, he is to stand up in his place, and the supervising officer will then see to his wants.

27. Before beginning his answers, each candidate shall write on the outside of his answer book or answer paper the following, *viz.*, subject, number of paper, roll number, and name in full. When the time allowed has expired, this book or paper must be delivered up to the Superintendent, even though the candidate may not answer any part of the paper.

28. All candidates are required to provide their own pens. Answers should be written on the books or papers supplied to the candidates, and on one side only. Should a page be spoiled it should be crossed through with a pen, and the Examiner will not examine or consider such a page. On no account is a page to be torn out from the answer-book.

29. No candidate is to bring into the examination-room books, papers of any kind, slates, ink or *kalamdan*. Any candidate found with such articles in his possession will be expelled. Blotting paper will be supplied. No paper of any kind is to be removed from the examination-room.

30. Any candidate who is detected in giving or receiving assistance, in bringing papers, books or notes into the examination-room, or in the use of, or attempt to use, any other unfair means in connection with the examination, shall be expelled from the examination-room and disqualified not only from passing the examination, but also—

(*a*) in the case of candidates so disqualified from passing the Punjab Middle School Examination, from appearing at such Middle School Examination during the next two years, and at the Entrance Examination within a period of four years from the date of his disqualification;

(*b*) in case of candidates who have been disqualified from passing the Entrance Examination, from appearing at any University Examination for the period of two years from the date of his disqualification ; and

(*c*) in the case of candidates who have been disqualified from passing any of the higher examinations, from appearing at any future examination of the University,

subject to any other penalties which the Syndicate may consider proper to impose.

Candidates guilty of communicating, or attempting to communicate, with Examiners with the object of influencing them in the award of their marks, will be deemed to have used, or attempted to use, unfair means within the first clause of this rule. Examiners are required to report at once to the Registrar any candidate guilty of such conduct.

EDUCATION.

The 31st January 1899.

No. 19.—Notification.—The following Revised Regulations regarding the Appointment, Duties and Remuneration of Examiners having been made by the Senate of the Punjab University, reduced to writing, and sealed with the Common Seal of the University, in accordance with the provisions of Section 18 of Act XIX of 1882, and having been sanctioned by the Local Government, are hereby notified as required by Section 20 of the said Act :—

REVISED RULES REGARDING THE APPOINTMENT, DUTIES AND REMUNERATION OF EXAMINERS.

1.—Appointment of Examiners.

The Examiners in all subjects, except in Law, shall be annually appointed by the Syndicate (subject to the subseq uent confirmation of the Senate) not later than the month of May preceding the examination. Examiners in Oriental, Classical and Vernacular Languages selected for all examinations in the Faculty of Arts shall be persons who have a good knowledge of English.

2. Examiners for all Oral and Practical Examinations shall be appointed by the Syndicate one month before the date of the examination.

3. In cases of emergency, owing to the refusal or inability of an Examiner to act, or other cause, when there is no time to bring the appointment of another Examiner before the Syndicate, the Vice-Chancellor, moved by the Registrar, shall be empowered to appoint such Examiner.

4. As a rule the Examiners for the Degree Examinations shall not be the same as those for the Intermediate Examination : provided that where the number of candidates for the Degree Examinations is small, one or both of the Examiners for these examinations may be employed for the Intermediate Examination.

5. When the number of candidates for the B. O. L. and M. O. L. Examinations is small, it is unnecessary to provide a second paper as specified below in paragraph 1 of the Duties of Examiners. The English papers shall be translated, and centographed, if necessary, on the spot; the University providing a Translator, who shall be present two hours previous to the examination and be subjected to proper supervision.

2.—Duties of Examiners.

1. In all subjects, except Languages, the Examiner shall be required to set two papers of equal standard, one for the examination of the Oriental Faculty, and the other for the examination of the Arts Faculty.* Except in cases where the Examiner who sets the paper is prepared to tsanslate the paper for the examination in the Oriental Faculty and to examine each Vernacular answer himself, each paper set for the examination of the Oriental Faculty shall be handed over to a separate Examiner, who shall translate the paper and examine the answers.

2. (*a*) Examiners shall be required to distribute their questions with some uniformity over the whole range of the subjects in which they examine.

(*b*) In all examinations in Mathematics about two-thirds of the marks shall be assigned to book-work, or questions involving the direct application of ordinary rules.

(*c*) With regard to examinations in those subjects for which alternative text-books are recommended, Examiners are required not to base their questions exclusively on any one of such text-books.

(*d*) In the case of paper (*a*)—containing explanations of passages in Prose and Poetry and questions in Grammar—for the examinations in English by the Intermediate and B. A. Standard, about two-thirds of the marks shall be assigned to questions based on the text-books and one-third to those of a more general character.

---

* Where the number of candidates for the B. O. L. and M. O. L. Examinations is small, it is unnecessary to provide a second paper. (See above, paragraph 5 of Appointment of Examiners.)

(*e*) In the case of paper (*a*) for the Examinations in the Oriental Languages by the Entrance, Intermediate and B. A. Standard, about two-thirds of the marks shall be assigned to questions containing passages for translation from the text-books (with explanation and grammar) and one-third for passages of a similar standard from books not prescribed in the Course.

(*f*) As a rule, alternative questions are to be avoided. If given, they shall always be of equivalent value and standard of difficulty.*

3. (*a*) The Examiner shall strictly conform to the rules laid down in the regulations for the examination with which he is concerned, respecting the language to be used as the medium of examination in setting and answering the papers.

(*b*) In the Intermediate, Entrance and Middle School Examinations, in the case of passages set for translation from the different Vernaculars into English, the Examiner is required to take care that the passages set in the Vernaculars shall be of an equal standard of difficulty. In case he is unable to set passages in any one of the five languages specified in the regulations, he shall inform the Registrar, who shall report his inability to the Syndicate, and special arrangements shall then be made to have the papers for translation from and into such Vernaculars set, looked over and marked by competent Examiners.

(*c*) The Examiner in Natural Science is required to set a paper for the Oral and Practical test in that subject, and in cases where there are two Examiners one of them shall be selected by the Syndicate for this purpose.

(*d*) The Examiner in English is required to set a passage for the Oral Examination in English, and in cases where there are two Examiners, one of them shall be selected by the Syndicate for this purpose.

(*e*) The Examiners in Classical Languages and Persian for the Arts Faculty must themselves translate the papers set by them for the Arts Faculty into Vernacular for the candidates on the Oriental side.

4. No Examiner shall give any fractional marks for any paper in the results sent to the Registrar.

5. Every Examiner shall assign marks for each question, which shall be indicated in the right hand margin of the paper.

6. Any paper which does not strictly conform to the rules herein laid down may be returned to the Examiners for correction by the Registrar.

7. Every Examiner shall forward his paper to the Registrar, under sealed cover, through the registered post, and the Registrar is authorized to reject any paper which is not forwarded in the prescribed manner.

RULES RELATING TO THE RE-EXAMINATION OF ANSWER PAPERS.

1. In every examination, as soon as the results have been tabulated, the Registrar shall prepare a list of the candidates who, *having passed in the aggregate*, have failed by *not more than five* marks in one compulsory subject only, and, in order to guard against any undue severity or error in valuing the answers, their papers in the subject shall be re-examined by the original Examiners, or, in the case of the Middle School and Entrance Examinations, by the Head Examiners, who should be required to report with the least possible delay the *addition*, if any, made in the marks originally allotted.

The Examiner shall be paid for the papers re-examined at the usual rates.

2. Before publication of the results they shall be submitted to the Board of Studies with a statement of the percentage of passes in each subject, when the Board may order the re-examination of any set of papers by the original Examiners, or by the Head Examiners where such have been appointed.

* Model quertion papers are under preparation to serve as a guide for Examiners in setting papers, in order to ensure stability of standard, but they are not, of course, intended to interfere otherwise with the discretion of Examiners.

3. In the Middle School and Entrance Examinations, whenever there is more than one Examiner in any paper of a compulsory subject, another Examiner, to be called the Head Examiner, shall be appointed. The Head Examiner shall set the question papers and shall re-examine not less than 5 per cent. of the answer papers looked over by each of the Examiners in his subject, with a view to see whether a uniform standard has been adopted. Where there appears to be a want of uniformity, he shall at once return the papers to the Examiner whose papers need revision, along with at least 5 papers examined and marked by himself, and with such instructions or suggestions as he deems necessary.

The papers shall be sent in the first instance to the Head Examiner in packets of 300.

4. In no case under paragraph 3 shall the Head Examiner himself increase or diminish the marks assigned to any paper by an Examiner.

In case of a difference arising between a Head Examiner and one of the subordinate Examiners, the matter shall be referred for decision to the Board of Studies.

5. The Head Examiner in the Middle School Examination will be paid at the rate of Rs. 100 for each of the following subjects:—English, Vernacular Languages, Arithmetic and Mensuration, General Knowledge, and at the rate of Rs. 75 for the subjects of Euclid and Algebra.

In the Entrance Examination the Head Examiner will be paid at the rate of Rs. 100 for each compulsory subject.

6. The Head Examiner shall be responsible that the whole results in his subject are submitted in due time; and shall certify that he has re-examined the required percentage of answer papers.

On the conclusion of the presentations the Lieutenant-Governor addressed the assembly in Hindústáni as follows :—

Mujhe áj ápko dekh kar massurrat hásil hui hai. Aur ápkí tashríf áwarí ká mashkúr hún. Báz maqámát men afsarán-i-sarkárí ke daure ke fawáid ko log nazar andáz karte hain, lekin main hargiz yaqín nahín karsaktá, ke Government Bartániá ki wafádár riyáyá apne Lieutenant-Governor ko dekh kar khush naho aur sidq-i-dil se khair-a-maqdam na kare.

Daurá-i-azlái Ráwalpindi wa Jhelum men maine dekhá hai ke jo log taklíf men hoṇ, yá apne ápko aisá samajhte hoṇ wuh iske izhár ke liye aise mauqá se fáidá utháne men tasáhul nahín karte. Agarchi ismen kalám nahín, ke aráiz-i-mausúlá ziádá tar is qism kí thín jin ká hukkám-i-maqámí kí khidmat men pesh karná ansab hotá. Táham bá'z auqát afsar álá Government se appeal kí zarúrat hotí hai,—badín garaz ke kisí purání bad-amlí ko záhar kiyá jáe, yá kisí taklíf se jise log muddat se mahsús kar rahe hoṇ, maukhlasí hásil kijáwe. Aláwá azín aise waqtan fawaqtan dauroṇ ká ek yeh bhí fáidá hai ke Lieutenant-Governor ko riyáyá se bil-musháfá bartáo, wájib táríf, yá mulámat ke izhár, aur afsarán-i-maqámí ko unke mushkil aur názak kám kí anjám dehi men taqwiyat dene ká mauqá miltá hai. Inhí wajúhát se main aise muwáqá kí qadr kartá húṇ, aur yeh mauqá jo mujhe milá hai main iská bá khushí fáidá istarah uthátá húṇ ke ápkí khush-hálí, adbár, nek aur bure ámál ke mutaallaq kuchh biyán karúṇ, aur Government kí rái ápke ámál kí nisbat, ke wuh tasallí bakhash hai yá nahín záhar karúṇ. Agar main sáf sáf kahún to yeh bahaisiyat ek puráne dost ke hogá, aur áp bhí usí haisiyat se sunenge.

Sab se pehle main ápko is bá mauqa bárish kí mubárakbád detá húṇ, jo hál hi men húi hai aur jisne zamín ko sarsabzi bakhshi, aur fasl rabi ko jiski nisbat fiker mahsús hone lagá thá bachá líyá hai. Go arázi kásht shuda ká raqbá gháliban mámúl se kam hai, magar mujhe umed hai ke fasl achhá báráwar hogá ; main yeh amar bhí frámosh nahi kartá, ki súbe ke is hisse ne hál hí men ek sakht zamáná qaht se rihái pái hai, aur main us mustaiddí ke muta-allaq apní khushnúdi ka izhár karná cháhtá húṇ jis se in azlá ke bahut se sar-baráwurdá asháb ne imdádi kamoṇ men chande díe, aur zamáná-i-qaht men apni khidmát kameti (Committee ?) imdádi qaht-zadgán ke spurd kín. Main umed kartá húṇ ki ab ham khush hálí ká zamáná dekhenge.

Guzashta chár sál men faují mohimmát sarhaddi ká bahut zor rahá hai aur san 1895 (athárá sau pachánwen) kí mohim-i-Chitrál wa níz 1897 (athárá san satánwen) kí faují nakal-o-harkát ke mutáallaq in azlá men sámán-i-bárbardárí ke líe bahut máṇg húi. Is men kuchh shak nahín ki is máṇg ki wajá se bahut sá rupeá logoṇ ke háth men ayá hai, lekin main bakhúbi wáqif hún ki is se in azlá ke zaráyá fláhat par bahut kuchh asar pará hai, aur is silsilá men logon ko bahut taklíf húí hai, magar yeh sab kuchh wafádárí aur sabr se taslím kíya giya, jaisa ki tedád-i-jánwarán-i-bárbardári se jo in azlá ne baham puhunchái hai záhar hota hai. In jánwaroṇ ki tedád jo kám par lagai gae, hasab záil hai :—

Merá ishára mutaallaq un rukáwaton ke hai jo zarúrtán 'azimán-i-Hijáz ke ráste men háil kí gaí hain. Yeh rukáwaten kuchh to is wajá se paidá huin, ke ghair Governmenton ko dar hai ke yeh wabá kahín unke mulkon men na phail jáe, aur kuchh is sabab se ke Government 'alíyá Hind unko khatre men dálna nahín cháhtí. Bahar hál iská natíjá yeh húá hai ke guzashtá tín sál se bahut se ahl-i-Islám qawáid kí sakhtí ke wajah se apne pák irádá ko púrá nahín karsake. Jo log báwajúd in rukáwaton ke safr-i-haj ká mussammim irádá rakhte the, unkí ásání-i-safr ke líe Government ne is sál bahut koshish farmáí hai, aur hájion ke ek yá do jaház khás taur par *Arab* ko rawáná kíe gai. Mujhe yaqín hai ke sál-i-áindá men ham Táún se niját hásil karlenge go iská dúr honá bahut hí mushkil nazar átá hai.

Báwajúd un masáib aur takálíf ke, jo chand sál se is Súbe par 'aid rahí hain, aur jinko aksar 'am log Government kí kár-rawái ká natíja khiyál karte hain, bajáe is amar ke ki wuh is amar ko dekhen, ke Government ko kin mushkilát ká muqábilá karná partá hai. Main *dáwá* se kah saktá húṇ ke báshindgán-i-Panjáb ke dilon men (aur chúṇke main is waqt Súbá-i-Panjáb ke shumálí hisse men taqrír kar rahá húṇ, main is hisse ká khasúsiyat se zikr kartá húṇ) Government Bartáníá kí sachchí 'aqídat maujúdá waqt se barh kar pahle kabhí nahín thí. Ap jo ke ziádá samajhdár ádmí haiṇ zarúr mahsús karte honge ke jin takálíf ká zikr maine kíyá hai, wuh bá-amr-i-majbúrí us kár-rawáí-i-Government ká natíjá hain, jo aman wa síhat-i-ámá ke qáim karne aur un amúr ko jo insán ke wáste muzir haiṇ hattul-wasa kám karne ke líe kíjátí hai. Ap ká farz hai ke kam samajh logon ko samjháen aur unkí ghallat fahmí rafa karen. Is qism kí khidmát aur mansabi faráiz kí umdá anjám dahí ke sile men áp men se báz ko abhí ezází khitábát aur khillaten milne-wálí haiṇ.

Mujhe is barí tadád faují afsarán pension yáftá ko dekh kar jinkí chhátíon par unkí wafádári aur qábíl-i-qadr khidmát kí anjám dahí kí sabút ke nishán maujúd hain, khushi hásil húí hai, mere khiyál men qismat-i-Ráwalpindi ke logoṇ kí wafádárí is amr se numáyán hai ki un meṇ bahut se ashkhás aise hain jinhon ne faují khidmát karke pension hásil kí, aur niz is se ke is sarzimin se bahut sí rajmaten bharti hoti haiṇ.

Mujhe afsos hai ki khátmá-i-taqrír par main ek aise amar ki tarf tawajjuh kartá húṇ, jiskí hálat main ba haisíyat álá afsar mohtamim honeke tasallí-bakhsh shumár nahín kar saktá. Merá matlab in azlá kí hálát-i-jaráim se hai. Yeh sach hai ki sál-i-guzashtá meṇ zilá Jehlam men is báre meṇ bahut sí kamí wáqiá húí hai, magar phir bhí donoṇ ziloṇ meṇ hálat-i-jaráim khatar-nák hadd tak pauhnchí húí hai, aur sangín jaráim kí kasrat jinmeṇ jáneṇ talaf hotí haiṇ, niháyat qábil-i-afsos hai. Maujúdá hálat ke asbáb par Government ghaur kar rahi hai. Main unkí nisbat is waqt kuchh yaqíní taur par nahín kah saktá, magar is meṇ kuchh shak nahín ki agar afsarán-i-muwáziát, muazzizín-i-dehát aur sarbaráwurdá log, jinhen apne faráiz aur ahdo-paimán ke rú se surágh rasáni-i-jaráim meṇ sachchí madad dení cháhie, tandehí se koshash kareṇ, to hálat bahut kuchh sudhar jáe. Main yeh záhir karná apná farz smajhtá húṇ ki chúṇke sangín jaráim ki bahut hí kasrat hai, wuh log jinheṇ is báre men madad dene ke líe wazífe milte hain, agar zarurí madad nahín denge to unke sáth sakhtí se salúk kíyá jáegá. Mujhe yeh málúm karke bahut khushí húi hai ke aisí misálen maujúd haiṇ jin men aisi madad bakhushí dígaí hai, aur maiṇ *Ghur Ghushti* ke us Lambardâr ko izzat kí nágáh se dekhta hún jisne bahádarí se dákúoṇ kí ek jamá'at ká muqábalá kíyá aur jo afsos hai ki apne farz kí anjám dehí men ján bahaq taslím húá.

Ab main bamújab hidáyát His Excellency Viceroy wá Governor-General Bahádur Kishwar-i-Hind wuh khitábát 'atá karta húṇ jo hál men Gazette meṇ sháyá húe the.

Iske bád un ashkhás ko jinhon-ne sarkárí intizám meṇ umdá madad dí, ezází khillateṇ aur sanadát atá karúngá.

The following translation of this speech was then read by the Hon'ble Mr. J. Wilson, Officiating Chief Secretary to Government, Punjab:—

"I am glad to see you here to-day, and I thank you for responding to my invitation. It is the fashion in some quarters to depreciate the advantages of official tours, but I will never believe that the loyal subjects of the British Government are not glad to see the face of the Lieutenant-Governor, and accord him a hearty welcome. During my march through the Ráwalpindi and Jhelum Districts I have found that those who have, or believe themselves to have, grievances are not slow to take advantage of the opportunity to make their grievances known, and though it is true that a large majority of the petitions which I have received were such as would have been more suitably presented to the local officers, still a direct appeal to the head of the Government is sometimes necessary, in order to

bring to notice some long established abuse, or obtain relief from some long suffered inconvenience. And, on the other hand, it is one of the advantages of these periodical tours that a Lieutenant-Governor is able to deal face to face with the people; to award praise or blame where they are due; and to strengthen the hands of the local officers in their incessant and onerous work. It is for these reasons that I welcome occasions like the present, and am glad to embrace the opportunity of saying a few words to you about your prosperity and adversity, your good and your bad behaviour, and the satisfaction or dissatisfaction with which the Government views your conduct. If I speak plainly, I speak as an old friend, and ask you to listen to me as such.

Let me first congratulate you on the seasonable rain which has lately fallen, and has had the effect of refreshing the earth and preserving the rabi crop regarding which some apprehensions began to be felt. Though the area which has been sown is probably not so large as usual, I now trust that the area which has been sown will produce a good return. I do not forget that this part of the country has recently emerged from a period of severe scarcity, and I wish to express my satisfaction at the readiness with which many of the leading men of these districts gave subscriptions towards famine relief, and placed their services at the disposal of the Famine Relief Committee during that period. I hope that a cycle of good seasons now awaits us.

The last four years have witnessed considerable activity in respect of frontier military expeditions; and in the course of the operations for the relief of Chitrál in 1895, as well as those which took place during 1897, heavy calls were made upon these districts for the supply of carriage for troops. Doubtless a great deal of money has been brought into the hands of the people by these requisitions, but I am well aware that they have also entailed a great strain upon the resources of the districts, and in some cases considerable inconvenience. This has been met loyally and patiently, as is proved by the amount of carriage furnished from the two districts. The numbers of animals actually employed were as follws :—

For the Ráwalpindi District in 1895—4,233, and in 1897, 5,221.

For the Jhelum District in 1895 about 4,000, and in 1897 about 3,000.

Total for the two districts during both sets of operations about 16,500.

The services rendered in connection with this subject have been duly recognised by Government. The difficulties and hardships resulting from the necessity of collecting carriage for military requirements are being carefully considered by the Supreme Government, and I trust that some scheme will be devised which will minimise them as far as possible.

This part of the Punjab has fortunately been exempt from the terrible scourge of plague which is still raging in Southern India, and of which we have had some experience in the Jullundur Division. I do not think it necessary to say much in regard to this subject. I trust that the north of the Punjab will not experience a visitation. Should the case unfortunately be otherwise, Government will look to you as the leaders among the people to render the necessary assistance in commending the methods for dealing with it which have been approved by experience to the acceptance of the people generally. In one respect the north of the Punjab, with its large Muhammadan population, has had to suffer disappointment on account of the plague. I allude to the obstacles in the way of performing the *Haj* which have necessarily been imposed upon those desiring to perform it. These obstacles arise partly from the apprehensions of Foreign Governments lest the evil should spread to their shores, and partly from the unwillingness of the Indian Government to endanger them. But the result is that now for three years many have been deterred from their pious purpose by the stringency of the regulations. Government has taken a considerable amount of trouble this year in facilitating pilgrimages by those who, notwithstanding the restrictions, were determined upon making them, and one or two pilgrim vessels have actually departed for Arabia. I trust that we may be rid of the plague next year, but it seems to die very hard.

Notwithstanding the troubles and inconveniences under which the country has suffered for some years, which to the common people no doubt appear to be due rather to the action of Government than to the difficulties with which the Government has to contend, I make bold to affirm that never were the inhabitants of the Punjab (and as I am now speaking in the north of the Province, I particularise the north of the Punjab) more heartily loyal to the British Government than they are at the present moment. You, the more intelligent members of society, no doubt realise that the inconveniences of which I have spoken result from the efforts of Government to preserve the public peace and health and to minimise the evils which are common to mankind. It is for you to instruct those who are less intelligent and to remove their misapprehensions. For service of this kind, and for the faithful discharge of official duties, some of you are about to receive titles of honour and khillats.

It affords me great pleasure to see here so large a number of retired military officers bearing on their breasts the tokens of faithful and honourable service rendered to the State. I believe I may say that the loyalty of the people of the Ráwalpindi Division is greatly enhanced by the presence among them of so large a number of time-served soldiers and by its being the recruiting ground for so many regiments.

I regret in conclusion to have to allude to one subject, regarding which it is impossible for the Head of the Administration to speak with any satisfaction, namely, the state of crime in these two districts. It is true that in the Jhelum District there has been a considerable diminution during the past year, but the state of crime throughout the two districts is most serious, and the prevalence of violent crime attended with loss of life is most lamentable. The causes of this state of things are under the consideration of Government, and I cannot venture to speak at present with any certainty regarding them, but there is but little doubt that if the village officers, rural notables and leading men, who are bound by their duty and engagements to assist honestly in the detection of crime, were to put forward their best efforts things would look very different. I feel bound to say that in view of the serious prevalence of violent crime, those who receive allowances for rendering assistance, and fail to render such assistance, will be severely dealt with. I am glad to record that there are instances in which such assistance has been loyally rendered, and I am glad to do honor to the Lambardár of Ghur Ghushti who boldly faced a gang of dacoits, and was, I regret to say, killed in doing his duty.

I now proceed, in accordance with the instructions received from His Excellency the Viceroy, to confer the titles of honour which were recently published in the *Gazette*, and I shall then have the pleasure of presenting dresses of honour and sanads to others who have rendered signal services to the administration."

After this the Badge of the Companionship of the Order of the Indian Empire, together with a dress of honour, was presented to Khán Bahádur Dhanjibhoy F. Commodore of Ráwalpindí, and the sanads of His Excellency the Viceroy and Governor-General conferring the following titles, with dresses of honour were bestowed on the gentlemen named below:—

Dresses of honour were also presented to—

1. Khán Bahádur Ghulám Faríd Khán;
2. Pandit Siri Kishan, Tahsíldár; and
3. Lála Maya Dás, Pleader.

At the conclusion of the Darbár His Honor the Lieutenant-Governor left the Darbár tent with the same ceremonies as were observed on his arrival.

Section 49.

1. No assessment and no charge or demand of any tax shall be impeached or affected by reason of any mistake in the name, residence, place of business or occupation of any person liable to pay the tax or in the description of any property or thing liable to the tax, or of any mistake in the amount of assessment or tax or by reason of any clerical error or other defect of form; and it shall be enough in any tax on property, or any assessment of value for the purpose of any such tax, if the property taxed or assessed is so described as to be generally known; and it shall not be necessary to name the owner or occupier thereof.

Section 50.

2. Taxes shall be payable on such dates and in such instalments (if any) as the Cantonment Committee, with the previous sanction of the Deputy Commissioner, may from time to time direct.

Section 51.

4. (1) An appeal against the assessment or levy of any tax shall lie to the Deputy Commissioner or to such other officer as may be empowered by the Local Government in this behalf:

Provided that, when the Deputy Commissioner or such other officer as aforesaid is a member of the Cantonment Committee, the appeal shall lie to the Commissioner of the Division.

(2) If, on the hearing of an appeal under this rule, any question as to the liability to, or the principle of assessment of, a tax arises, on which the officer hearing the appeal entertains reasonable doubt, he may, either of his own motion or on the application of any person interested, draw up a statement of the facts of the case and the point on which doubt is entertained, and refer the statement with his own opinion on the point for the decision of the Chief Court.

(3) On reference being made under this rule: the subsequent proceedings in the case shall be, as nearly as may be, in conformity with the rules relating to references to the High Court contained in Chapter XLVI of the Code of Civil Procedure.

(4) In every appeal the costs shall be in the discretion of the officer deciding the appeal.

(5) Costs awarded under this section to the Cantonment Committee shall be recoverable by the Committee as though they were arrears of a tax due from the appellant.

Section 53.

7. (1) The Cantonment Committee may, by written communication, call upon any inhabitant of the Cantonment to furnish such information as may be necessary in order to ascertain whether such inhabitant is liable to pay any tax.

Section 55.

(2) If any inhabitant so called upon to furnish information omits to furnish it or furnishes information which is untrue, he shall be punishable with fine which may extend to one hundred rupees.

8. (1) The Cantonment Committee shall cause an assessment list of all buildings on which the tax on buildings is imposed, to be prepared, containing—

Section 56.

(2) For the purpose of preparing the list, the Cantonment Committee may require the owners or occupiers of the building to furnish it with the returns of the measurements and of the rent or annual value.

9. Where the assessment list has been completed, the Cantonment Committee shall give public notice thereof, and of the place where the list or a copy thereof may be inspected; and every person claiming to be either owner or occupier of any building included in the list, and any agent of such person, shall be at liberty to inspect the list and to make extracts therefrom without charge.

Section 57.

10. (1) The Cantonment Committee shall at the time of the publication of such assessment-list give public notice of a time, not less than one month thereafter, when it will proceed to revise the valuation and assessment; and in all cases in which any building is for the first time assessed, or the assessment thereof is increased, it shall also give notice thereof to the owner or occupier of the building.

Section 58.

(2) All objections to the valuation and assessment shall be made in writing before the time fixed in the notice, or orally or in writing at that time.

11. (1) After the objections have been enquired into and the persons making them have been allowed an opportunity of being heard either in person or by authorized agent, as they may think fit, and the revision of the valuation and assessment has been completed, amendments made in the list shall be authenticated by the signatures of not less than two members of the Cantonment Committee, who shall at the same time certify that no valid objection has been made to the valuation and assessment contained in the list except in the cases in which amendments have been entered therein; and, subject to such amendments as may thereafter be duly made, the tax so assessed shall be deemed to be the tax for the year commencing on the first day of January next ensuing, as also, in the case of a tax then imposed for the first time, for the period between the commencement of the tax and such first day of January.

Section 59.

(2) The list when amended under this section shall be deposited in the Cantonment Committee's office and shall there be open during office-hours to all owners or occupiers of buildings comprised therein, or the agents of such persons, and a public notice that it is so open shall forthwith be published.

12. (1) The Cantonment Committee may at any time amend the list by inserting the name of any person whose name ought to have been inserted, or by inserting any building which ought to have been inserted, or by altering the assessment on any building which has been erroneously valued or assessed through fraud, accident or mistake, after giving notice, to any person interested in the amendment, of a time, not less than one month from the date of service of such notice, at which the amendment is to be made.

Section 60.

(2) Any person interested in any such amendment may tender his objection to the Cantonment Committee in writing before the time fixed in the notice, or orally or in writing at that time, and shall be allowed an opportunity of being heard in support of the same in person or by authorized agent, as he may think fit.

13. It shall be in the discretion of the Cantonment Committee to prepare a new assessment-list every year, or to adopt the valuation and assessment contained in the list for any year, with such alterations as may in particular cases be deemed necessary, as the valuation and assessment for the year following, giving the same notice of the valuation and assessment as if a new assessment-list had been prepared.

Section 61.

14. (1) A tax on buildings and lands, other than a water tax, shall be paid by the owner of the property in respect of which it is payable.

Section 63.

(2) A water tax shall be paid by the occupier of the property in respect of which it is payable.

15. (1) When any sum is due on account of a tax payable in respect of any property by the owner thereof, the Cantonment Committee shall cause a bill for the amount, stating the property and the period for which the charge is made, to be delivered to the person liable to pay the same.

Section 64.

(2) If the bill be not paid within ten days from the delivery thereof, the Committee may cause a notice of demand to be served on that person; and, if he does not, within seven days from the service of the notice, pay the sum due with any fee leviable for the notice, or show sufficient cause for non-payment, the sum due, with the fee, shall be deemed to be an arrear of tax.

(3) The amount of every such arrear besides being recoverable in the manner hereafter provided by Rule 20 shall, subject to any claim on behalf of Her Majesty, be a first charge on the property in respect of which it is payable, and shall be recoverable, on application made in this behalf by the Cantonment Committee to the Collector, as if the property were an estate assessed to land-revenue and the arrear of such revenue due thereon:

Provided that nothing in this rule shall authorize the arrest of a defaulter.

16. Any arrears of any tax recoverable by the Cantonment Committee under these rules may be recovered, on application to a Magistrate having jurisdiction within the limits of the cantonment, or in any other place where the person from whom the money is claimable may for the time being be resident, by the distress and sale of any moveable property within the limits of his jurisdiction belonging to such person.

18. The qualifications which are indispensable for nomination to Registers B and C for persons other than officials on Register A, whose names may be transferred to Register B, under Rule 5, are the following :—

(*a*) The applicant must be a Native of India as defined in Statute 33 Vic., Chap. 3, Section 6, or a subject of a Native Prince in alliance with Her Majesty; he must be domiciled in the Punjab or a Native State under the political control of the Punjab Government, and must have recently resided for not less than three years in the Punjab or such Native State; or he may be a European British subject who has resided for not less than three years in the Punjab.

(*b*) He must not be under 20 or over 25 years of age last birthday, but if he has been in the service of Government for two years or more, the maximum limit of age may be extended to 27 years last birthday.

(*c*) He must give satisfactory evidence that he possesses a minimum educational qualification equivalent to the Entrance Standard of the Punjab University.

(*d*) He must furnish the certificate of physical fitness prescribed by Articles 60 and 61 of the Civil Service Regulations.

(*e*) He must give satisfactory evidence of (*i*) good moral character; (ii) good physique; (*iii*) habits of personal activity; and (*iv*) gentlemanly bearing.

(*f*) If Urdu is not his vernacular, he must have passed the examination in that language by the Lower Standard, as laid down in the Army Regulations India. If it is his vernacular, he must give satisfactory evidence that he can read Urdu fluently and write the Persian character with facility.

19. In addition to the qualifications mentioned in Rule 18 the applicant must possess at least one of the following further qualifications, that is to say, he must be either—

(*a*) a member of a family of tried loyalty and distinguished service; or

(*b*) a person of good social status and influence in the country; or

(*c*) a person of superior educational attainments, such as a graduate of an Indian University; or

(*d*) a person who has been in the service of Government for less than ten years and has shown promise of exceptional ability and fitness for high office.

EXPLANATIONS—*Clause* (*a*).—The mere fact that a man's father or other relation has served with credit as an official does not give a claim under this clause. Such claim arises only by reason of really distinguished services or some conspicuous act of loyalty performed by the father or grandfather or other very near relative.

Clause (*b*).—A claim under this clause does not arise from mere respectability of status, or influence such as that which a member of a Municipal Committee may have in his town, but from high social status such as that of a member of a family having an unofficial seat in Darbár or territorial influence or influence due to great wealth.

Clause (*c*).— A *B. A.* or equal degree at least is essential, and as a rule only those who stood high in the B. A. list will be selected if the possession of that degree is the only special qualification of the candidate under this rule.

Nomination to Register B.

20. Recommendations may be submitted by the Judges of the Chief Court and the Financial Commissioner from time to time as may be convenient, and should be made in the Form B attached to these Rules.

Subject to such inquiries as may be deemed necessary with reference to Rule 19, the Lieutenant-Governor will be glad to receive recommendations in the Form B (omitting columns 9, 10 and 11) from the Senate of the Punjab University.

21. The number of names to be borne on the register will not for the present exceed fifty at any one time. The Lieutenant-Governor may alter this number as occasion may require.

22. Every candidate whose name is admitted to the register will receive a certificate in the Form C attached to these Rules. The certificate will be forwarded through the thority by whom the candidate was recommended.

23. Recommendations on behalf of candidates not accepted may be again submitted in future years if not finally rejected by the Lieutenant-Governor, and if the candidate continues to be admissible under these Rules.

24. The Lieutenant-Governor may, for reasons which appear to him sufficient, direct the removal of any name from Register B.

Appointments offered for competition.

25. An estimate of the number of appointments expected to become available for award by competition will be published in the *Punjab Government Gazette* during the months of August and September in each year.

This number will be determined as nearly as possible on the principle that one-fourth of all the vacancies occurring in the post of Extra Assistant Commissioner shall, taking one year with another, be given by competition.

As many of these appointments as are actually available will, as vacancies occur, be conferred upon successful candidates.

If the actual number of vacancies in the course of the year following the competition falls short of the estimated number notified for competition, the successful candidates for the notified number of vacancies who have not been provided with appointments will be appointed, without further examination, during the succeeding year, before candidates who are successful at the competition held in the latter year; and the estimate of available vacancies for that year will be correspondingly reduced.

Appointments to vacancies will be made from among successful candidates in the order of merit in which they pass.

26. The name of every candidate who fails **to obtain the Special Medical Certificate of fitness required by Rule 31,** or to gain an appointment at—

(*a*) three competitive examinations, or

(*b*) the first examination held after he attains the age of 25 years, or of 27 years if he has been in the service of Government for two years or more,

shall be removed from the register.

NOTE.—Clause (*b*) of this rule does not apply to officials whose names have been transferred from Register A to Register B under Rule 5.

27. If a sufficient number of candidates to fill the vacancies notified in any year do not appear at or pass the examination, the appointments remaining unfilled will be held available for deserving officials on Register A, or for direct appointments from Register C.

28. A successful candidate, who has not served in a settlement or as a Tahsíldár, will after appointment be required to serve for twelve months in a settlement, and will ordinarily be allowed during that period a salary of Rs. 100 per mensem. **All successful candidates will be required to obtain within one year after passing the examination a certificate of proficiency in riding from such person or persons as may be nominated by Government for the purpose, and they will not be appointed to officiate or confirmed until they have obtained such a certificate.**

29. A successful candidate will be first appointed to an officiating vacancy as a probationer, and previous to his confirmation in a permanent vacancy a report will be called for regarding his fitness from the Commissioner and Deputy Commissioner under whose control he has served. He must also pass the Departmental Examination as prescribed in Rule 8.

The Competitive Examination.

30. A competitive examination will be held annually at Lahore, about the middle of October, commencing on such date as may from time to time be notified in the Gazette.

31. Any candidate admitted to Register B may, subject to the provisions of Rule 26, present himself at any competitive examination held under these Rules; provided that he has on or before the 1st October signified in writing to the Commissioner of the Division in which he resides his intention to do so **and produces a special certificate of fitness for the public service from the Standing Medical Board at Lahore. The date on which candidates should present themselves before the Board for examination will be communicated to them, and those who are unable to satisfy the test prescribed will not be admitted to the Competitive Examination.**

32. A fee of Rs. 30 shall be paid by every candidate before admission to examination. A like fee shall be paid on each occasion on which a candidate is admitted to examination. The fee may be paid into any Government Treasury.

33. Every candidate shall produce his certificate of admission to Register B and the Treasury Receipt for the fee, on the first day of the examination and before the first paper is given out. The officer superintending the examination will retain the Treasury Receipt for the admission fee, but will return the certificate after noting on it the examination to which admission has been made.

34. The examination papers shall be set, marks awarded, and the results announced by the following Committee of Examiners :—

The Director of Public Instruction, Punjab, President ;

The Registrar, Chief Court ;

One of the Secretaries to the Financial Commissioner ; and

Such other **persons** as may be nominated Examiners by the President.

An officer will be appointed (on special duty) Secretary to the Committee of Examination. An Extra Assistant Commissioner, possessing a competent knowledge of English, will be deputed to assist the Secretary of the Committee. The Secretary of the Committee and Extra Assistant Commissioner so deputed shall conduct the examination and all correspondence connected therewith, and shall act generally under the orders of the President of the Committee.

35. The Lieutenant-Governor will from time to time declare what subjects shall be fixed and what shall be optional. For the present there shall be three fixed and three optional subjects. Every candidate must take up all the fixed subjects, and may take up not more than two of the optional subjects.

The fixed subjects shall for the present be (1) Composition, (2) Indian Law and Revenue, and (3) Mathematics. The optional subjects shall be—

37. The candidates who qualify shall be arranged in order of merit, according to the aggregate number of marks obtained by them, respectively, in all subjects taken up under Rule 35 in which they have qualified.

38. The subjects of competitive examination are the same for all candidates, and the questions may be answered either in English or Vernacular.

No. 1307 A.—Powers.—In exercise of the powers vested in him under Section 40 of Act II of 1886, His Honor the Lieutenant-Governor is pleased to invest Sardár Muhammad Yusaf, Extra Assistant Commissioner, in charge of the Miánwáli Sub-Division o the Bannu District, with all the powers of a Collector under the said Act, except those specified in Sections 9 (2), 12, 18 (1) (*b*), 31 and 36.

This Notification supersedes all previous Notifications concerning the powers of the above-named officer under the Income Tax Act, and it will remain in force until he ceases to be a 1st Class Magistrate or to hold charge of the Sub-Division, or until it is expressly cancelled.

The 20th July 1899.

No. 1396.—Notification.—The following revised rules* relating to the supply, custody and distribution of stamps, having been made by the Governor-General in Council in substitution for the existing Rules 10, 11, 13, 15, 16, 29 and 33, contained in *Punjab Government* Notification No. 1743, dated 16th September 1895, are published for the information and guidance of all officers concerned :—

Rules.

10. As soon as possible after the arrival of a supply of stamps from the central depôt or from another local depôt, the officer in charge of the local depôt shall *personally examine the outward appearance of the boxes or packets and satisfy himself that they bear no marks of having been tampered with. He shall then* have the boxes or packets opened in his presence, and the contents of each box or packet counted either by himself, or in his presence, immediately on *its* being opened. *At the head-quarters of a district, where the treasury is the local depôt, the boxes or packets should invariably be placed immediately on arrival in the strong-room of the Treasury and there opened, one at a time, in the presence of the Treasury Officer, who must be present all the time the boxes or packets are being opened, and their contents examined and counted. In no case must a second box or packet be opened until the contents of the first have been completely examined and verified and placed in the proper receptacles as required by rule 13.* The number *and value* of stamps received shall be compared by the officer in charge with the invoice submitted *or with the passed indent* and a receipt shall be sent as soon as possible to the officer who sent the stamps.

11. Local Governments may issue such orders as may be thought necessary regarding the detailed counting of stamps received in a local depôt, and as to the descriptions of stamps which the officer in charge must count with his own hands. Such orders may include instructions that a certain percentage only of sealed packets marked as containing a certain number of stamps need be opened and counted at the time of receipt, and the remainder, if the percentage opened are all found correct, left with seals unbroken to be counted as they are required on being given out from double lock. The officer in charge is responsible for observing any such instructions, and for satisfying himself as to the number of stamps received before signing the receipt. *The inside wrappers of packets of stamps which bear the initials of the officers through whose hands the packets passed before issue from England should invariably be preserved till the whole contents of the packets have been examined and found correct.*

13. Immediately after the stamps received have been counted, they shall be placed in proper receptacles in the store under double lock *in the presence of the officer in charge* arranged in parcels and packets containing known quantities, the amount *and value* of each denomination being entered *at the same time* in a register† maintained to show the receipts and issues to and from the store under double lock. *These entries shall be checked by the officer in charge at the time the stamps are deposited, and the correctness of the arithmetical calculations of additions to balance, as well as of the values compared with quantities,* shall be verified and initialled by him at the time. The register shall then be placed with the stamps in the double lock receptacles and shall not be removed therefrom, nor shall any entries be allowed to be made therein except in the presence of the officer in charge.*

**N. B.—In all cases where stamp registers have to be checked, the actual check of quantities against values is a very important one; the correctness of the calculations of value must be tested in detail either by actual multiplication or by use of correctly prepared tables, and this check should never be omitted. This remark applies also to such of the following rules as prescribe a check of this kind. It is not necessary that the complete checking should be done by the officer himself. It will be sufficient if the officer personally checks 10 per cent. of the entries in each class of stamps, leaving the remaining entries in each class to be checked by a subordinate under his supervision.*

*The portions of the amended rules which are new are indicated by italics.

† A form of register will be published later by the Comptroller and Auditor General.

15. The stock to be made over to the *ex-officio* vendor to be kept by him under single lock should ordinarily be sufficient for the probable demand of one month. *The ex-officio vendor will maintain a register of receipts and issues from single lock in the same form as the double lock register, and* on a fixed date near the beginning of each month *he will* prepare an indent for the quantity required for the month in a form showing the balances in his hands, an average month's consumption and the quantity required. When this indent is *presented to* the officer in charge, *he will examine the single lock register, check the correctness of the arithmetical calculations made therein, and compare the balance shown with the actual balance in the ex-officio vendor's hands. If he approves* the indent, he shall *then* give out the quantity required from the store under double lock, *check the correctness of the entries made in the double lock register, see that they correspond with those made in the single lock register, initial both registers and return the double lock register into the double lock store.* The same procedure shall be followed if any stamps should be required at any intermediate date Local Governments may reduce the period of one month mentioned in this rule to one week, or any other period less than a month, if they consider this desirable, with reference to the amount of the treasurer's security or for any other reason.

16. From the stock so made over to his charge and kept by him under single lock, the *ex-officio* vendor shall sell stamps to the public and to licensed vendors for cash. He shall *maintain the single lock register in the form mentioned in the preceding paragraph* in such language as the Local Government may direct, *entering therein both in quantities and values the receipts from double lock, the daily sales* and balance in his hands *of each denomination* at the end of *each* day. He shall pay daily into the Treasury the cash received by him for stamps sold, the amount realised on account of each of the four descriptions of stamps—namely, General, Court-fees, Postage, and Telegraph—being paid in separately. The account of the daily sales should be inspected *and the correctness of the calculations shown therein checked* every day by the officer in charge of the depôt.

29. The officer in charge of the branch depôt shall obtain his supplies from the local depôt to which the branch depôt is subordinate, in the same manner as the *ex-officio* vendor at the local depôt obtains his supplies, except that the indent and the stamps must be sent by post or messenger to and from the local depôt, and that the examination of the balance in hand and the comparison of the amounts shown with those shown in the indent shall be done by the officer in charge of the branch depôt. In cases where there is likely to be a distinct saving of cost or greater security of the stamps in transit, the Local Government may empower the Board of Revenue or other superior revenue authority to sanction the despatch of stamps direct from the central depôt to branch depôt, such supplies being passed through the accounts of the local depôt and treated by the Superintendent of Stamps as supplies to the local depôts to which the branch depôts are subordinate.

The receipt and examination of stamps on arrival from a local, central or other depôt should be conducted in the manner laid down in rule 10.

The *ex-officio* vendor shall obtain his supplies from the officer in charge of the branch depôt in the same manner as the *ex-officio* vendor at the local depôt obtains his supplies from the officer in charge.

33. On the last open day of September and March each year, the officer in charge of each local depôt will count, or have counted in his presence, the stamps in *his* depôt, both those under double lock and those under single lock, and will require the officers in charge of the branch depôts subordinate to him similarly to count the stamps in the branch depôt. He will attach to the monthly statements for September and March rendered to the Superintendent of Stamps, Calcutta, Madras, or Bombay, or in the provinces noted in the margin, to the local Superintendent or Commissioner of Stamps or other officer named by the Local Government, a certificate in the following form :—

The North-Western Provinces and Oudh, Punjab, the Central Provinces and Berar. (In the case of revenue adhesive stamps supplied to Berar from the central depôt at Madras, the monthly statements will continue to be submitted to the Superintendent of Stamps, Madras.)

I do hereby certify that I have personally examined and counted, or had counted in my presence, the stamps of all descriptions in store in this local depôt on the September/March 18 , and found *by actual calculation of numbers and values not less than 10 per cent. of the entries having been checked by me personally, that* the value of each description is as stated in the margin.* Also that I have received *similar* certificates from the officers in charge of the subordinate branch depôts that they have similarly counted the stamps in *their* branch depôts on the last day of the month of September/March 18 , of which the accounts are incorporated in the Head Treasury accounts, *and that they have made a similar calculation of numbers and values,* and that these certificates show the value of each description of stamps *in all the branch depôts* to be as stated in the margin.†

(*d*) He must furnish the certificate of physical fitness prescribed by Articles 60 and 61 of the Civil Service Regulations.

(*e*) He must give satisfactory evidence of (*i*) good moral character; **(ii) good physique**; (*iii*) habits of personal activity; and (*iv*) gentlemanly bearing.

(*f*) If Urdu is not his vernacular, he must have passed the examination in that language by the Lower Standard, as laid down in the Army Regulations India. If it is his vernacular, he must give satisfactory evidence that he can read Urdu fluently and write the Persian character with facility.

19. In addition to the qualifications mentioned in Rule 18 the applicant must possess at least one of the following further qualifications, that is to say, he must be either—

(*a*) a member of a family of tried loyalty and distinguished service; or

(*b*) a person of good social status and influence in the country; or

(*c*) a person of superior educational attainments, such as a graduate of an Indian University; or

(*d*) a person who has been in the service of Government for less than ten years and has shown promise of exceptional ability and fitness for high office.

EXPLANATIONS—*Clause* (*a*).—The mere fact that a man's father or other relation has served with credit as an official does not give a claim under this clause. Such claim arises only by reason of really distinguished services or some conspicuous act of loyalty performed by the father or grandfather or other very near relative.

Clause (*b*).—A claim under this clause does not arise from mere respectability of status, or influence such as that which a member of a Municipal Committee may have in his town, but from high social status such as that of a member of a family having an unofficial seat in Darbár or territorial influence or influence due to great wealth.

Clause (*c*).— A *B. A.* or equal degree at least is essential, and as a rule only those who stood high in the B. A. list will be selected if the possession of that degree is the only special qualification of the candidate under this rule.

Nomination to Register B.

20. Recommendations may be submitted by the Judges of the Chief Court and the Financial Commissioner from time to time as may be convenient, and should be made in the Form B attached to these Rules.

Subject to such inquiries as may be deemed necessary with reference to Rule 19, the Lieutenant-Governor will be glad to receive recommendations in the Form B (omitting columns 9, 10 and 11) from the Senate of the Punjab University.

21. The number of names to be borne on the register will not for the present exceed fifty at any one time. **The Lieutenant-Governor may alter this number as occasion may require.**

22. Every candidate whose name is admitted to the register will receive a certificate in the Form C attached to these Rules. The certificate will be forwarded through the authority by whom the candidate was recommended.

23. Recommendations on behalf of candidates not accepted may be again submitted in future years if not finally rejected by the Lieutenant-Governor, and if the candidate continues to be admissible under these Rules.

24. The Lieutenant-Governor may, for reasons which appear to him sufficient, direct the removal of any name from Register B.

Appointments offered for competition.

25. An estimate of the number of appointments expected to become available for award by competition will be published in the *Punjab Government Gazette* during the months of August and September in each year.

This number will be determined as nearly as possible on the principle that one-fourth of all the vacancies occurring in the post of Extra Assistant Commissioner shall, taking one year with another, be given by competition.

As many of these appointments as are actually available will, as vacancies occur, be conferred upon successful candidates.

If the actual number of vacancies in the course of the year following the competition falls short of the estimated number notified for competition, the successful candidates for the notified number of vacancies who have not been provided with appointments will be appointed, without further examination, during the succeeding year, before candidates who are successful at the competition held in the latter year; and the estimate of available vacancies for that year will be correspondingly reduced.

Appointments to vacancies will be made from among successful candidates in the order of merit in which they pass.

26. The name of every candidate who fails **to obtain the Special Medical Certificate of fitness required by Rule 31,** or to gain an appointment at—

(*a*) three competitive examinations, or

(*b*) the first examination held after he attains the age of 25 years, or of 27 years if he has been in the service of Government for two years or more,

shall be removed from the register.

NOTE.—Clause (*b*) of this rule does not apply to officials whose names have been transferred from Register A to Register B under Rule 5.

27. If a sufficient number of candidates to fill the vacancies notified in any year do not appear at or pass the examination, the appointments remaining unfilled will be held available for deserving officials on Register A, or for direct appointments from Register C.

28. A successful candidate, who has not served in a settlement or as a Tahsíldár, will after appointment be required to serve for twelve months in a settlement, and will ordinarily be allowed during that period a salary of Rs. 100 per mensem. **All successful candidates will be required to obtain within one year after passing the examination a certificate of proficiency in riding from such person or persons as may be nominated by Government for the purpose, and they will not be appointed to officiate or confirmed until they have obtained such a certificate.**

29. A successful candidate will be first appointed to an officiating vacancy as a probationer, and previous to his confirmation in a permanent vacancy a report will be called for regarding his fitness from the Commissioner and Deputy Commissioner under whose control he has served. He must also pass the Departmental Examination as prescribed in Rule 8.

The Competitive Examination.

30. A competitive examination will be held annually at Lahore, about the middle of October, commencing on such date as may from time to time be notified in the Gazette.

31. Any candidate admitted to Register B may, subject to the provisions of Rule 26, present himself at any competitive examination held under these Rules; provided that he has on or before the 1st October signified in writing to the Commissioner of the Division in which he resides his intention to do so **and produces a special certificate of fitness for the public service from the Standing Medical Board at Lahore. The date on which candidates should present themselves before the Board for examinati n will be communicated to them, and those who are unable to satisfy the test prescribed will not be admitted to the Competitive Examination.**

32. A fee of Rs. 30 shall be paid by every candidate before admission to examination. A like fee shall be paid on each occasion on which a candidate is admitted to examination. The fee may be paid into any Government Treasury.

33. Every candidate shall produce his certificate of admission to Register B, and the Treasury Receipt for the fee, on the first day of the examination and before the first paper is given out. The officer superintending the examination will retain the Treasury Receipt for the admission fee, but will return the certificate after noting on it the examination to which admission has been made.

34. The examination papers shall be set, marks awarded, and the results announced by the following Committee of Examiners:—

The Director of Public Instruction, Punjab, President ;

The Registrar, Chief Court ;

One of the Secretaries to the Financial Commissioner ; and

Such other **persons** as may be nominated Examiners by the President.

An officer will be appointed (on special duty) Secretary to the Committee of Examination. An Extra Assistant Commissioner, possessing a competent knowledge of English, will be deputed to assist the Secretary of the Committee. The Secretary of the Committee and Extra Assistant Commissioner so deputed shall conduct the examination and all correspondence connected therewith, and shall act generally under the orders of the President of the Committee.

35. The Lieutenant-Governor will from time to time declare what subjects shall be fixed and what shall be optional. For the present there shall be three fixed and three optional subjects. Every candidate must take up all the fixed subjects, and may take up not more than two of the optional subjects.

The fixed subjects shall for the present be (1) Composition, (2) Indian Law and Revenue, and (3) Mathematics. The optional subjects shall be—

37. The candidates who qualify shall be arranged in order of merit, according to the aggregate number of marks obtained by them, respectively, in all subjects taken up under Rule 35 in which they have qualified.

38. The subjects of competitive examination are the same for all candidates, and the questions may be answered either in English or Vernacular.

(4). In the case of a candidate recommended by the Financial Commissioner, it should be stated in column 10 whether the candidate is fit to exercise the powers of a Revenue Assistant of a district.

Qualifications necessary for nomination to Registers B and C.

18. The qualifications which are indispensable for nomination to Registers B and C for persons other than officials on Register A, whose names may be transferred to Register B, under Rule 5, are the following :—

(*a*) The applicant must be a Native of India as defined in Statute 33 Vic., Chap. 3, Section 6, or a subject of a Native Prince in alliance with Her Majesty; he must be domiciled in the Punjab or a Native State under the political control of the Punjab Government, and must have recently resided for not less than three years in the Punjab or such Native State; or he may be a European British subject who has resided for not less than three years in the Punjab.

(*b*) He must not be under 20 or over 25 years of age last birthday, but if he has been in the service of Government for two years or more, the maximum limit of age may be extended to 27 years last birthday.

(*c*) He must give satisfactory evidence that he possesses a minimum educational qualification equivalent to the Entrance Standard of the Punjab University.

(*d*) He must furnish the certificate of physical fitness prescribed by Articles 60 and 61 of the Civil Service Regulations.

(*e*) He must give satisfactory evidence of (*i*) good moral character; (ii) good physique; (*iii*) habits of personal activity; and (*iv*) gentlemanly bearing.

(*f*) If Urdu is not his vernacular, he must have passed the examination in that language by the Lower Standard, as laid down in the Army Regulations, India. If it is his vernacular, he must give satisfactory evidence that he can read Urdu fluently and write the Persian character with facility.

19. In addition to the qualifications mentioned in Rule 18 the applicant must possess at least one of the following further qualifications, that is to say, he must be either—

(*a*) a member of a family of tried loyalty and distinguished service; or

(*b*) a person of good social status and in fluence in the country; or

(*c*) a person of superior educational attainments, such as a graduate of an Indian University; or

(*d*) a person who has been in the service of Government for less than ten years and has shown promise of exceptional ability and fitness for high office.

EXPLANATIONS—*Clause* (*a*).—The mere fact that a man's father or other relation has served with credit as an official does not give a claim under this clause. Such claim arises only by reason of really distinguished services or some conspicuous act of loyalty performed by the father or grandfather or other very near relative.

Clause (*b*).—A claim under this clause does not arise from mere respectability of status, or influence such as that which a member of a Municipal Committee may have in his town, but from high social status such as that of a member of a family having an unofficial seat in Darbár or territorial influence or influence due to great wealth.

Clause (*c*).— A *B. A.* or equal degree at least is essential, and as a rule only those who stood high in the B. A. list will be selected if the possession of that degree is the only special qualification of the candidate under this rule.

Nomination to Register B.

20. Recommendations may be submitted by the Judges of the Chief Court and the Financial Commissioner from time to time as may be convenient, and should be made in the Form B attached to these Rules.

Subject to such inquiries as may be deemed necessary with reference to Rule 19, the Lieutenant-Governor will be glad to receive recommendations in the Form B (omitting columns 9, 10 and 11) from the Senate of the Punjab University.

21. The number of names to be borne on the register will not for the present exceed fifty at any one time. The Lieutenant-Governor may alter this number as occasion may require.

22. Every candidate whose name is admitted to the register will receive a certificate in the Form C attached to these Rules. The certificate will be forwarded through the authority by whom the candidate was recommended.

23. Recommendations on behalf of candidates not accepted may be again submitted in future years if not finally rejected by the Lieutenant-Governor, and if the candidate continues to be admissible under these Rules.

24. The Lieutenant-Governor may, for reasons which appear to him sufficient, direct the removal of any name from Register B.

Appointments offered for competition.

25. An estimate of the number of appointments expected to become available for award by competition will be published in the *Punjab Government Gazette* during the months of August and September in each year.

This number will be determined as nearly as possible on the principle that one-fourth of all the vacancies occurring in the post of Extra Assistant Commissioner shall, taking one year with another, be given by competition.

As many of these appointments as are actually available will, as vacancies occur, be conferred upon successful candidates.

If the actual number of vacancies in the course of the year following the competition falls short of the estimated number notified for competition, the successful candidates for the notified number of vacancies who have not been provided with appointments will be appointed, without further examination, during the succeeding year, before candidates who are successful at the competition held in the latter year; and the estimate of available vacancies for that year will be correspondingly reduced.

Appointments to vacancies will be made from among successful candidates in the order of merit in which they pass.

26. The name of every candidate who fails **to obtain the Special Medical Certificate of fitness required by Rule 31,** or to gain an appointment at—

(*a*) three competitive examinations, or

(*b*) the first examination held after he attains the age of 25 years, or of 27 years if he has been in the service of Government for two years or more,

shall be removed from the register.

NOTE.—Clause (*b*) of this rule does not apply to officials whose names have been transferred from Register A to Register B under Rule 5.

27. If a sufficient number of candidates to fill the vacancies notified in any year do not appear at or pass the examination, the appointments remaining unfilled will be held available for deserving officials on Register A, or for direct appointments from Register C.

28. A successful candidate, who has not served in a settlement or as a Tahsíldár, will after appointment be required to serve for twelve months in a settlement, and will ordinarily be allowed during that period a salary of Rs. 100 per mensem. **All successful candidates will be required to obtain within one year after passing the examination a certificate of proficiency in riding from such person or persons as may be nominated by Government for the purpose, and they will not be appointed to officiate or confirmed until they have obtained such a certificate.**

29. A successful candidate will be first appointed to an officiating vacancy as a probationer, and previous to his confirmation in a permanent vacancy a report will be called for regarding his fitness from the Commissioner and Deputy Commissioner under whose control he has served. He must also pass the Departmental Examination as prescribed in Rule 8.

The Competitive Examination.

30. A competitive examination will be held annually at Lahore, about the middle of October, commencing on such date as may from time to time be notified in the Gazette.

31. Any candidate admitted to Register B may, subject to the provisions of Rule 26, present himself at any competitive examination held under these Rules; provided that he has on or before the 1st October signified in writing to the Commissioner of the Division in which he resides his intention to do so **and produces a special certificate of fitness for the public service from the Standing Medical Board at Lahore. The date on which candidates should present themselves before the Board for examination will be communicated to them, and those who are unable to satisfy the test prescribed will not be admitted to the Competitive Examination.**

32. A fee of Rs. 30 shall be paid by every candidate before admission to examination. A like fee shall be paid on each occasion on which a candidate is admitted to examination. The fee may be paid into any Government Treasury.

33. Every candidate shall produce his certificate of admission to Register B, and the Treasury Receipt for the fee, on the first day of the examination and before the first paper is given out. The officer superintending the examination will retain the Treasury Receipt for the admission fee, but will return the certificate after noting on it the examination to which admission has been made.

34. The examination papers shall be set, marks awarded, and the results announced by the following Committee of Examiners:—

The Director of Public Instruction, Punjab, President;

The Registrar, Chief Court;

One of the Secretaries to the Financial Commissioner; and

Such other **persons** as may be nominated Examiners by the President.

An officer will be appointed (on special duty) Secretary to the Committee of Examination. An Extra Assistant Commissioner, possessing a competent knowledge of English, will be deputed to assist the Secretary of the Committee. The Secretary of the Committee and Extra Assistant Commissioner so deputed shall conduct the examination and all correspondence connected therewith, and shall act generally under the orders of the President of the Committee.

35. The Lieutenant-Governor will from time to time declare what subjects shall be fixed and what shall be optional. For the present there shall be three fixed and three optional subjects. Every candidate must take up all the fixed subjects, and may take up not more than two of the optional subjects.

The fixed subjects shall for the present be (1) Composition, (2) Indian Law and Revenue, and (3) Mathematics. The optional subjects shall be—

(1) Elementary Principles of British Government, (2) History, and (3) a Classical Language.

The details of fixed and optional subjects are given in Table D, and may from time to time be varied by order of the Lieutenant-Governor.

36. A candidate who fails to obtain one-half of the maximum number of marks in each of the three fixed subjects shall be deemed to have failed.

Unless one-half of the maximum number of marks is obtained in any optional subject taken up by a candidate, his marks for that subject shall not be counted in the examination.

37. The candidates who qualify shall be arranged in order of merit, according to the aggregate number of marks obtained by them, respectively, in all subjects taken up under Rule 35 in which they have qualified.

38. The subjects of competitive examination are the same for all candidates, and the questions may be answered either in English or Vernacular.

No. 0857 *I.—Notification.*—In exercise of the powers conferred by Section 75 of the Northern India Canal and Drainage Act (VIII of 1873), and with the previous sanction of the Governor-General in Council, the Lieutenant-Governor is pleased to make the following Rules, in supersession of those issued under Notification No. 0392 I., dated 30th June 1885, and to declare the rules now published applicable to the portion of the Agra Canal situated in the Delhi and Gurgaon Districts of the Punjab :—

RULES UNDER ACT VIII OF 1873.

CONSTRUCTION AND MAINTENANCE OF WORKS.

1. *Orders for construction of masonry works.*—The order which a Divisional Canal Officer may issue under Section 18 of the Northern India Canal and Drainage Act, 1873, shall be in writing, and shall be served on each person concerned.

2. *Proceedings of Superintending Canal Officer.*—The Superintending Canal Officer, before confirming or modifying a decision of the Divisional Canal Officer under Section 20 of the said Act, shall fix a day for hearing, inform the parties concerned, and hear and record any objections made by any of them who appear on such day.

3. *Form of application for water.*—All applications for water to be supplied for irrigation through an existing channel, or through a channel to be constructed by the applicant, shall be made as nearly as may be in the form prescribed in Appendix I.

4. *Proceedings of Deputy Commissioner.*—The notice which the Deputy Commissioner is required to give to the Divisional Canal Officer under Section 24 of the said Act shall be given not less than 14 days previous to the date fixed for the inquiry.

5. *Opening of new water-courses.*—Water shall not be admitted into any new water-course until all works have been constructed which are necessary for the passage across such water-course of water-courses existing previous to its construction, and of the drainage intercepted by it, and for affording proper communication across it for the convenience of the neighbouring lands and of the public.

SUPPLY OF WATER.

6. *Grounds of refusal to grant water.*—An outlet for the supply of water from a Government channel shall not ordinarily be granted in respect of lands where in the opinion of the Divisional Canal Officer—

(*a*) serious loss from wastage is likely to occur ;

(*b*) reasonable grounds exist for believing that canal irrigation will, by raising spring level or otherwise, prove injurious to health or agriculture ;

(*c*) the available supply of water in the canal, distributary or water-course is already fully utilized ;

(*d*) the length of the water-course from its head to the point of contact with such lands does, or would, exceed one mile.

7. *Fields liable to be debarred from canal irrigation.*—With the previous approval of the Commissioner the Divisional Canal Officer may prohibit the use of canal water—

(*a*) in any field which is irrigable from any other source of a permanent and reliable character ;

(*b*) on lands to which in accordance with Rule 6 a supply of water would not ordinarily be granted ;

(*c*) for the irrigation of any *kharíf* crop when the land to be irrigated is situated within one mile from the outermost houses of any town, if such irrigation be objected to by the Municipal Committee, or, if there is no Municipal Committee, by the Deputy Commissioner :

Provided that, when any prohibition of the future use of canal water is made under this rule in respect of lands in which irrigation is already established, the occupiers of the land affected shall be entitled to such compensation, if any, as the Local Government may think just.

The order under this rule debarring any field or fields from irrigation by canal water shall be in writing under the hand of the Divisional Canal Officer, and shall be affixed in a conspicuous place in each village concerned ; and a copy of the order shall be conveyed to the canal ziladár and to the patwári or, in his absence, to the lambardár.

It shall be the duty of the ziladár and the patwári to make the purport of the order known to the landowners and cultivators concerned.

8. *Filling of tanks for watering cattle.*—Tanks may be filled with canal water without charge, and without reference to the area irrigated in any village, whenever water can be made available without injury to the cultivation dependent on any canal, subject to the following regulations:—

I.—Except as provided in Rule 9, no tank shall be so filled unless exclusively used for domestic purposes or watering cattle.

II.—No tank shall be so filled which, intercepting any line of drainage, is liable to overflow from accumulation of water from natural causes.

III.—No tank shall be so filled except on the written order of the Sub-Divisional Canal Officer, issued on the written applications of the parties concerned, at such times and to such extent as the Sub-Divisional Canal Officer approves.

IV.—No tank shall be so filled unless the water-course used to fill it shall be shown to the satisfaction of the Sub-Divisional Officer to be in a sound condition when the application is made.

V.—In the event of any breach of the foregoing regulations by any person for whose benefit the tank has been so filled, or of any such person using any tank so filled otherwise than for domestic purposes or for watering cattle, the privilege, by this rule afforded, may, in addition to any penalty which may be incurred under the Act, be suspended for twelve months by order of the Divisional Officer passed on a regular proceeding and inquiry in each case.

9. *Irrigation from tanks or natural depressions.*—On the written application of the owner of a tank or natural depression and of any person requiring the water, and with the pevious sanction of the Divisional Canal Officer, tanks or natural depressions may be filled with canal water for irrigation purposes, or canal water filled into tanks under Rule 8 or Rule 11 may be used for irrigation. The rates ordinarily leviable for irrigation from the canal shall be charged for all fields irrigated in this way from tanks or natural depressions filled with canal water: provided that the fields, if any, irrigated from a natural depression during the fasl in which the water is supplied, and previous to the introduction of canal water, shall not be liable to water-rate for that fasl. A list of such fields shall be drawn up and signed by the ziladár and the lambardár or patwári in token of its correctness. Before issuing sanction under this rule the Divisional Canal Officer should obtain the general approval of the Superintending Canal Officer as regards the issue of such sanctions for a specified fasl or time.

10. *Contracts for water for other than irrigation purposes.*—The Divisional Canal Officer, with the previous sanction of the Superintending Canal Officer, is empowered to make contracts for the supply of canal water for purposes other than irrigation for any term not exceeding one year. For terms exceeding one year the previous sanction of the Local Government shall be necessary.

11. *Charges for water used for other than irrigation purposes in the absence of a special contract.*—With the previous permission of the Divisional or Sub-Divisional Canal Officer tanks may be filled, or water may be supplied, without a special contract, from a canal direct in small quantities, for purposes other than irrigation, at such rates and subject to such conditions as may from time to time be prescribed by the Local Government in rules under Section 75 of the said Act.

12. *Water supplied to cantonments, towns, &c.*—When water is supplied to forts or other military buildings, cantonments, civil stations, cities, railways, public gardens or other places of public resort, either by filling of tanks or by direct flow, contracts at special rates may be made by the Divisional Canal Officer with the sanction of the Local Government.

13. *Preparation of fields.*—A Divisional Canal Officer may withhold or postpone the issue of water to any cultivator whose fields may have been ascertained by personal inspection (of himself or of one of his assistants, or of the Canal Deputy Magistrate) to be unprepared for irrigation by division into *kiyáris* or compartments, not greater in area than 1,360 square feet, and by the addition of small water-channels such as are used in irrigation from wells.

Rice and sugarcane fields, gardens and *paleo* irrigation are exempted from the operation of this rule.

14. *Tátils.*—Divisional Canal Officers are empowered for purposes of administration, repairs and maintenance to order the closure of any water-course for periods which shall not extend beyond twelve consecutive days. For longer closures the authority of the Superintending Canal Officer is required.

Orders for closures under this rule must be notified—

(*a*) by a notification under the hand of the Divisional Canal Officer, a copy of which shall be conveyed by the canal establishment, with due expedition, to each village concerned, and delivered to the patwári or, in his absence, to any lambardár: the acknowledgment of each person to whom a copy of the notification is delivered shall be affixed to a schedule prepared for the purpose, which shall be recorded in the Divisional Canal Office; or

(*b*) in the form of special orders issued upon particular occasions.

Orders of the latter description shall be in writing, under the hand of the Divisional Canal Officer.

It shall be the duty of the patwári or lambardár who receives the notification above described to affix it at once in a conspicuous position in the village, and to make its purport generally known.

15. *Stoppage of supply in improperly maintained water-courses.*—Stoppage of supply of water to any water-course under clause (*a*) (2), Section 32 of the said Act, may be enforced when the Canal Officer recommending such stoppage has satisfied himself, by personal inspection, that the water-course is not maintained in proper repair, as contemplated in the said clause (*a*) (2). The order for such stoppage shall be in writing, under the hand of the Divisional Canal Officer. Immediate report shall be made to the Superintending Canal Officer and to the Deputy Commissioner when the duration of such stoppage is likely to extend to a period of ten days or more, the special grounds for stoppage being explained in each case. The Superintending Canal Officer's order thereon shall be final.

16. *Power of Canal Officer in cases of emergency.*—Nothing in the foregoing rule shall be taken to affect the power of Canal Officer to close any water-course or stop any supply of water on his own authority in cases of pressing emergency.

17. *Claims for remission due to stoppage or failure of supply.*—Claims under clause (*b*), Section 32 of the said Act, to remission of the occupier's rate, shall be admitted only on proof of actual loss caused by the failure or stoppage of supply; on proof of such loss, the water-rates may be reduced in the manner provided in Rule 27, or, if the rates have already been assessed, the whole or any portion of the charges may be remitted as hereinafter provided.

All claims to such remission shall be made to the Divisional Canal Officer at least 15 days previous to the cutting of the crop. The Divisional Canal Officer may reject or admit any claim. If the claim be admitted, the Divisional Canal Officer may remit, or, where collection has been already made, direct refund to the extent of Rs. 50 on each of the *parchas* mentioned in Rule 40: provided that the aggregate remissions for any one village do not exceed Rs. 200. If the Divisional Canal Officer considers that higher remissions should be granted than those above specified, report shall be made, through the Superintending Canal Officer, for the decision of Government. Pending the decision collection shall be suspended.

Claims to remissions of ordinary charges, other than occupier's rates, payable for the use of canal water, shall only be admitted on proof of actual loss caused by the stoppage of supply. On proof of such loss the whole or any portion of the charge may be remitted by the Divisional Canal Officer.

If a claim for the remission of ordinary charges be rejected by the Divisional Canal Officer, the claimant may prefer an appeal to the Superintending Canal Officer, whose decision shall be final.

18. *Compensation.*—Before awarding compensation under clause (*c*), Section 32 of the said Act, the Deputy Commissioner shall obtain the written opinion of the Divisional Canal Officer.

WATER-RATES.

19. *Assessment of occupier's rates.*—Occupier's rates shall be assessed by the Divisional Canal Officers on the area irrigated at the rates specified in the schedules of occupier's rates for the time being in force as notified by the Local Government in accordance with Section 75 of the said Act and subject to the following Rules 20 to 31.

20. *Charge leviable for "paleo."*—When a field receives a preliminary or *paleo* watering and afterwards no crop is sown, the *paleo* rate, or if no *paleo* rate is fixed, the lowest rate of charge for "lift" or "flow," as the case may be, shall be imposed. When a crop is sown the field, whether subsequently irrigated or not, shall be assessed at the rate leviable for the crop; except that when a special *paleo* rate is applicable, such rate only shall be charged if the field be not subsequently watered.

21. *Charge leviable for the irrigation of mixed crops.*—If mixed crops be grown in the same field the occupier's rate shall be calculated on the highest rated crop. If different crops be grown in different parts of the same field, the occupier's rate for the whole shall be calculated on the highest rated crop, unless the division between the crops shall have been clearly defined by a ridge not less than half a foot high.

22. *Charge leviable on fields re-sown.*—When the original crop sown in a canal-irrigated field fails and is ploughed up and a fresh crop sown in the same season, the occupier's rate to be levied shall be that due on the crop which comes to maturity:

Provided that—

(1) if the original crop was destroyed by rain or flood, and if in the opinion of the Divisional Canal Officer the destruction of the crop was not due to negligence on the part of the cultivator, or, if a *kharif* crop, to its having been sown on land which is usually flooded during the rainy season, no rate shall be charged unless canal water is taken for the subsequent crop;

(2) if in the opinion of the Divisional Canal Officer the destruction of the crop was due to negligence on the part of the cultivator, or, if a *kharif* crop, to its being sown on land which is usually flooded during the rainy season, the rate to be charged shall be that due on the crop first sown, unless canal water is taken for the subsequent crop.

23. *Charge leviable on fields partly irrigated.*—If only a portion of a field be irrigated, the occupier's rate shall be chargeable on the whole field, unless such portion shall have been clearly demarcated by a ridge not less than half a foot high.

24. *Charge leviable on fields partly irrigated from canal, partly from well or other source.*—Where a portion of a field has been irrigated with canal water, and a portion with water from a well or any other source, the whole field is liable for canal occupier's rate, unless a clearly distinguishable boundary, demarcated by a ridge not less than half a foot high, exists between the two portions. Inquiry shall be made whether the use of water from a well or any other source was in consequence of a deficiency in the supply of canal water, and if it be proved that it was so, the rate charged for canal water shall not exceed "lift" rates.

25. *Charge leviable for fields not properly prepared.*—When a field is irrigated which has not been prepared in the manner prescribed in Rule 13, an additional charge may be imposed equal to one-quarter the amount of the occupier's rate leviable on the field.

This additional charge will be separately recorded in the khatauni and will be collected with the water-rate.

In each case the Divisional or Sub-Divisional Canal Officer or Canal Deputy Magistrate must certify that he personally examined the field and that it was not properly prepared for irrigation according to the terms of Rule 13.

26. *Charge leviable for water used without permission, or at time prohibited by proper authority, or for the irrigation of debarred fields.*—Persons using water without permission, or at time prohibited by proper authority (*i. e.*, during *tátils*), or for the irrigation of a field which has been debarred from canal irrigation under Rule 7, shall, in addition to the ordinary rate which would be leviable, be chargeable with a punitive rate equal to the above ordinary rate for each separate and distinct occasion on which the water is so used: provided that in every such case the Divisional Canal Officer may impose a lower charge if he thinks fit.

If the water has been used for irrigation the area irrigated shall be measured, and notice shall at once be given on each such occasion to the persons concerned that they will be charged in the demand statement under this rule for the area so watered.

27. *Charge leviable on crops injured by failure of supply, floods, etc.*—If a crop which has been irrigated with canal water is subsequently injured by failure or stoppage of supply, or by locusts, hail, rain, floods or other calamity, and if in the opinion of the Divisional Canal Officer the injury is not due to the negligence of the cultivator, or, if the injury to the crop, being a *kharif* crop, is not due to its having been sown on land which is usually flooded during the rainy season, the rate to be charged for the irrigation of the crop shall be such proportion of the ordinary rate

as may be determined by the Divisional Canal Officer acting under the general instructions of the Local Government and in consultation with the Deputy Commissioner.

Reductions of water-rates under this rule shall, so far as is possible, be made before the jamabandís are despatched to the Deputy Commissioners' offices. All claims for remissions subsequently received on the grounds of injury from locusts, hail, rain, floods or other calamity shall be subject to the conditions and shall be dealt with in accordance with the procedure laid down in Rule 17 for claims on account of loss from failure or stoppage of supply except as regords the suspension of collection.

28. *Use of canal water-courses for conveyance of water from a well or any other source.*—If water from a well or any other source is conveyed in the same channel as canal water in the course of the same season, the whole of the irrigation from that channel during such season is *liable* to be treated as irrigation from the canal.

29. *Charge for permanent irrigation from escapes.*—Irrigation from escape channels, when the supply is permanent, shall be governed by the same rule as irrigation from other parts of the canal.

30. *Charge leviable for intermittent irrigation from escapes.*—Irrigation from such channels, when the supply is intermittent, may be allowed at half the rates in force for irrigation from the canal.

31. *Charge leviable for waste.*—The charge leviable for water suffered to run to waste may, when the land flooded is uncultivated, be calculated on the area flooded at the highest occupier's rate for the time being leviable; and when the land is cultivated, at double the rate so leviable for the class of crop grown on it: provided that in every such case the Divisional Canal Officer may impose a lower charge if he thinks fit.

32. *Schedules of rates to be accessible to villagers.*—The patwári of every village irrigated by canals shall be furnished by the Divisional Canal Officer with a statement in Hindi, or the current written language of the district, showing the rates of assessment of each class of produce according to the ordinary local and canal standards of measurements, which statement shall be suspended in the *chaupál* or other place of public resort in the village.

33. *Assessment of owner's rate.*—The owner's rate shall be assessed by the Divisional Canal Officer on the area irrigated at the rates specified in the rules for the time being in force and notified by the Local Government in accordance with Section 75 of the said Act.

34. *Charges to be excluded in assessing owner's rate.*—No portion of—

(*a*) any additional charge imposed under Rule 25 or 26,

(*b*) any charge imposed on uncultivated land or of the amount by which the charges on cultivated land exceed the ordinary charge leviable on such land in the case of charges under Rule 31,

(*c*) any charge imposed under Rule 9,

shall be included in the occupier's rate for the purpose of assessing the owner's rate.

35. *Appeals against the assessment of owner's rate.*—Appeals against the assessment of owner's rate shall be subject to the following rules:—

(1) An appeal against the assessment of owner's rate by the Canal Officer shall lie to the Deputy Commissioner: provided it is brought within 30 days from the date of the receipt by the owner of the notice of the assessment by the Canal Officer.

(2) Where the sum assessed on an individual exceeds Rs 300, an appeal shall lie to the Commissioner from the order of the Deputy Commissioner: provided that such appeal be presented within 30 days from the date of the order appealed against. Where the sum assessed is less than Rs. 300, the Deputy Commissioner may, on application made, review any order previously passed by him.

(3) In computing the period prescribed for an appeal under these rules, the day on which the notice of the assessment was received, or on which the order complained of was pronounced, and the time requisite for obtaining a copy of such order, shall be excluded.

(4) The grounds on which an appeal may be preferred shall be as follows:—

(*i*) that any particular field or portion of field is not liable to the rate, *i. e.* that it was assessed at wet rates at last settlement;

(*ii*) that the assessment exceeds one-third of the occupier's rate;

(*iii*) that it exceeds half the difference between the rates of rent on dry and irrigated land;

(*iv*) that the appellant is not liable for the rate assessed.

36. *Notice of measurements to be sent to Tahsíldárs.*—Canal ziladárs shall give seven days' notice in writing to tahsíldárs of date of commencement of measurements in every village, by furnishing at the end of each week a statement of the villages which it is ntended to measure in the week after the next.

37. *Tahsíldárs responsible for attendance of patwáris.*—Tahsíldárs, on receipt of notice, will be responsible for the attendance of patwáris during the time of measurement of each village.

38. *Preparation of khatauni or demand statement.*—On the completion of measurements of a village, the amín before leaving it shall prepare from the khasra a khatauni in which all the entries concerning each cultivator will be brought together and totalled. A copy of the khatauni will be forthwith prepared by the patwári (in forms to be furnished by the Canal Officer) in the current written language and signed by the amín.

39. *Khatauni to be accessible to cultivators.*—The patwári shall be responsible for the village copy of the khatauni being at all times accessible to any person who pays water-rate.

40. *Distribution of parchas.*—A *parcha* or slip containing particulars of the rate due from him shall be supplied to each cultivator. On entering a village for the purpose of measuring up irrigation, the amín shall inform the lambardár or his agent of the day on which parchas will be distributed, and shall, at the same time, cause a written notice of the same fo be posted in the village chaupál. The lambardár will call upon the cultivators to attend and receive the parchas from the amín. Undistributed parchas will be entrusted to the lambardárs of the village, or, in their absence, to the patwári for delivery to the cultivators concerned. The amín will enter the date of distribution on every parcha and, if it is given to any one but the cultivator concerned, he will note to whom it is given.

41. *Dates for submission of jamabandis.*—The demand statements for the kharíf and rabi seasons should be despatched by the Divisional Canal Officer so as to reach the office of the Deputy Commissioner not later than the 15th October and 15th April respectively.

42. *Realization of occupier's rate.*—The Deputy Commissioner shall realize the rate assessed by the Divisional Canal Officer.

43. *Complaints against khasra entries.*—If a cultivator desires to contest the correctness of the entries made against him in the khatauni, whether as to the fact of the land having been irrigated or of its being charged "flow" or "lift," or as to the measurement and entries of class or crop, he must lodge a complaint with one of the following officers :—

Divisional Canal Officer,	Canal Deputy Magistrate,
Sub-Divisional Canal Officer,	Canal ziladár,

within thirty days of the date on which the parchas were distributed on the completion of the measurement of the village, or if he has been charged without having done any irrigation from the canal during the fasl, within twenty-one days of the date on which he first became acquainted with the claim against him; and the complaint shall be investigated on the spot within fifteen days of its being lodged, and shall be promptly decided by one of the first three officers mentioned above.

On a complaint being presented to a ziladár, he will immediately make local inquiry, and will report the circumstances of the case to the Sub-Divisional Canal Officer for orders.

In respect of cases disposed of by the Sub-Divisional Canal Officer or Canal Deputy Magistrate, an appeal shall lie within fifteen days to the Divisional Canal Officer, whose decision shall be final.

44. *Disputed liability to assessment to occupier's rate.*—When the liability of assessment to occupier's rate is contested on the ground that the water for which the charge has been made was not derived from a canal as defined in clause (1), Section 3 of the said Act, the complaint shall be investigated by the Divisional Canal Officer, who may decide in favour of the complainant, or, if he do not consider such complaint valid, shall forward to the Deputy Commissioner a copy of the order he proposes to pass thereon.

If the Deputy Commissioner concurs in the proposed order, such order shall be final. If the Deputy Commissioner does not concur in the proposed order, he shall refer the case to the Commissioner, whose decision shall be final.

45. *Objections on behalf of cultivators.*—When a lambardár or other person is responsible, under Sections 46 and 47 of the said Act, for the payment of the occupier's rates in a village, or any portion of a village, complaints under Rules 43 and 44 may be lodged by such lambardár or other person instead of by the cultivators, and any refund that may be necessary in consequence of the order passed upon objection so lodged shall be paid to such lambardár or other person.

46. *Receipts.*—Receipts shall, when demanded, be given by the lambardár to each cultivator on payment of occupier's rate, and shall be countersigned by the patwári.

47. *Method of dealing with alterations in the demand.*—If, after the giving of the *parcha*, any additions are made to the demand, or any reductions are allowed on complaint under Rules 43 or 44, or by way of remission under clause (*b*), Section 32 of the said Act, or under the second clause of Rule 27 or otherwise, such additions or reductions shall be communicated to the cultivator by means of supplementary *parchas*. Demands shall be shown on slips printed in black, and remissions on red forms. All such alterations as are made before the despatch of the khatauni to the Deputy Commissioner shall be shown in that document, and shall also be written on slips similarly printed (black for additions and red for reductions), and attached to the khatauni. Alterations made after the despatch of the khatauni shall be communicated to the Deputy Commissioner by means of similar slips.

48. *Objections to the demand made to Deputy Commissioner.*—Objections to the demand urged before the Deputy Commissioner shall be referred by him to the Divisional Canal Officer, the collection, except in the cases provided for in Rule 44, not being suspended unless the Divisional Canal Officer shall notify that an objection has been admitted.

49. *Irrecoverable balances.*—Balances irrecoverable owing to want of assets, absconding of defaulters or any other such cause unconnected with canal management, and claims to refunds on account of excess collections, shall be dealt with by the Deputy Commissioner, whose order thereon shall be final. This rule applies also to cases in which the lambardárs have paid into Government the whole of the canal dues, and have subsequently found a portion of them to be irrecoverable from the tenants.

50. *Payment of refunds.*—Payments of refunds whether ordered by the Deputy Commissioner or directed by the Divisional Canal Officer or Government shall be made by the Deputy Commissioner, who will carefully note such payments as they are made in Abstract B at foot of Canal Revenue Form No. VI, quoting proper authority in each case.

51. *Patwárís' fees.*—Patwárís will be paid at the rate of Re. 1-4-0 for every 100 acres of land irrigated. This payment will be conditional on their affording satisfaction to the Divisional Canal Officer in respect to their duties in connection with the measurements and assessments, and to the Deputy Commissioner in respect to their duties connected with the collection of canal revenue.

52. *Lambardárs' fees.*—The collection of the occupier's and owner's rates should be made with the utmost promptitude. The allowance to lambardárs, or other persons under engagement for the collection of the rates, is Rs. 3-2-0 per cent., or 6 pies per rupee. It is payable on discharge in full of the amount of revenue due upon the khataunís entrusted to them within ten weeks of the receipt of the documents, or within ten days after the date on which the land revenue instalment falls due next following the date of receipt of the jamabandís, as lambardárs may prefer. Deputy Commissioners should invariably note at the foot of Part B of Canal Revenue Form VI if any portion of the sums shown as payment to lambardárs has been passed for revenue paid in after the prescribed date.

NAVIGATION.

53. *Tolls.*—When a canal shall have been declared by the Local Government open for navigation, tolls and charges on boats and rafts plying thereon shall be levied under such regulations as to variation of beam or burden, and at such rates as shall be from time to time determined by the Local Government with the approval of the Governor-General in Council in accordance with Section 75 of the said Act.

57. *Ticket.*—Every boat on entering a canal shall be furnished by the traffic manager, or person duly authorized in this behalf, with a ticket in the form contained in Appendix III, which shall specify the number of the boat, the date on which it entered the canal, the name, occupation, and place of abode of its owner, and the name of the person in charge of the boat for the time being. The traffic manager or person duly authorized in this behalf shall, before the boat leaves the canal, return the ticket to the person for the time being in charge, after entering thereon the date of leaving.

58. *Dimensions.*—No boat above fourteen feet six inches beam over all shall be allowed in a canal on which the locks are sixteen feet in width, and no boat above eighteen feet beam over all in a canal on which the locks are twenty feet in width. 59. *Tolls payable in advance.*—Except as provided for in Rule 60, canal dues shall be paid in advance; and no boat shall be allowed to leave any canal on which it is plying until all such tolls have been paid. The traffic manager, or person duly authorized in this behalf, on granting permission for the removal of the boat, shall sign the certificate at the foot of the ticket given under Rule 57 after satisfying himself that all claims against the boat have been paid.

60. *Quarterly tolls.*—Quarterly tolls on boats shall be paid on or before the last day of each quarter, except in the case of a boat leaving the canal, for which, before it leaves, payment shall be made for the number of days due, as shown by the ticket granted under Rule 57.

61. *Receipt for tolls.*—Tolls shall be paid to the traffic manager, or person duly authorized in this behalf, at any of the toll stations, and a receipt in the form contained in Appendix IV shall be granted for the same.

62. *Pass for boats.*—Upon any boat plying on a canal being loaded wholly or in part, the owner or other person in charge shall declare to the traffic manager, or person duly authorized in this behalf, at the place of loading (or, in the absence of the traffic manager or such authorized person at the place of loading, at the first station he may pass) an invoice of the cargo there taken in, showing its nature, weight, value and destination. The traffic manager, or person duly authorized in this behalf, shall thereupon furnish the owner or person in charge with a pass in the form contained in Appendix V, specifying the foregoing particulars, which pass shall be delivered to the person authorized to receive the same at the station nearest to the place at which the boat is unloaded.

63. *Pass to be shown when required.*—The person in charge of a boat shall show the pass granted under Rule 62 whenever he is required to do so by the traffic manager or any person authorized by the Local Government in this behalf.

64. *Every boat or raft to be navigated by two persons.*—No boat or raft shall be navigated by less than two persons.

65. *Pass for rafts.*—Passes in the form shown in Appendix VI shall be granted to persons wishing to float rafts down a canal, upon application to the traffic manager or person authorized by the Local Government at the nearest station. No raft unprovided with a pass shall enter a canal.

66. *Removal of rafts from canal.*—On reaching the destination specified in the pass, the person in charge of a raft shall, within twenty-four hours, deliver the said pass to the traffic manager, or person authorized by the Local Government in this behalf, who, if all charges due under these rules have been paid, shall authorize the removal of the raft, which shall be effected within forty-eight hours from the time of permission being granted, unless written authority to defer removal be given by the traffic manager or such authorized person.

67. *Divisional Canal Officer empowered to remove rafts.*—Rafts not removed within the time required by Rule 66, and rafts found unattended, may be taken out of the water by the Divisional Canal Officer or any person duly authorized in this behalf.

68. *Rafts without passes.*—Any raft found in a canal unprotected by a pass may be charged with double toll, reckoned on the distance from the head of the canal to the place where such raft shall be removed from the canal.

69. *Double rates to be charged for excess over quantity shown in pass.*—Double rates shall be leviable on all articles in excess of the quantity of each kind specified in the pass granted under Rule 65.

70. *Removal of rafts lodging against canal works.*—Every person floating a raft in a canal shall so navigate it that it shall not lodge against any canal works; and if any raft so lodges or causes obstruction, it shall at once be broken up and removed by any Canal Officer on the spot.

71. *Rafts liable to detention.*—All rafts, subject to demands under Sections 51 and 52 of the said Act, shall be liable to detention until such demands are paid. If payment be not made within fourteen days of such detention, the Divisional Canal Officer may proceed to put in force the provision of Part VI of the said Act for the recovery of such demand.

72. *Masts.*—Boats shall have their masts fitted so that they can be let down with ease and speed, and no mast shall be so fitted as, when so let down, to strike or scrape any bridge under which the boat may pass.

73. *Boats and rafts to be fastened fore and aft.*—Every boat or raft which is brought alongside of a canal bank or wharf must be securely fastened fore and aft to such bank or wharf: no boat or raft shall be brought up outside another so moored without the permission of the Divisional Canal Officer or some person authorized by him in this behalf.

74. *Boats and rafts to be moored so as not to obstruct traffic.*—No boat or raft shall be placed in such a position as to endanger the safety of other boats or rafts, or to obstruct their passage, or to impede navigation; and no bamboos or poles shall be erected on vessels moored to the bank.

75. *Every boat or raft when brought-to, to have some one on board.*—Whenever a boat or raft is brought-to, some person shall remain in attendance on board.

76. *Wrecks.*—When any boat or raft is wholly or partially sunken or disabled in any canal, the owner or other person in charge of such boat or raft shall remove the same without delay. Should the owner or the person in charge not be forthcoming, or should he refuse to remove the boat or raft, or should he not use reasonable expedition in removing the boat or raft, then the Divisional Canal Officer or other person duly authorized in this behalf may undertake the removal under Section 49 of the said Act.

77. *Banks or berms not to be used as wharves.*—The banks or berms of the canal shall not be used as wharves for deposit of goods, except with the permission of the Divisional Canal Officer or some person authorized in this behalf.

Any person violating this rule shall be liable to a penalty.

All goods deposited on canal lands must be properly stacked, and so placed as not to interfere with other traffic. In the event of such goods not being removed when required, a daily charge of four annas per hundred maunds shall be levied as a demurrage, when the goods are susceptible of being reckoned by weight; and a reasonable charge shall be determined by such Canal Officer when the goods are reckoned by number. This rule does not apply to canal warehouses, for which special rules will be framed by the Local Government.

79. *Boats or rafts liable to be examined.*—Any boat or raft plying on a canal may be examined by any Canal Officer of rank not inferior to a Sub-Divisional Officer, or by the traffic manager or other person duly authorized in this behalf: provided that there is reason to believe that the owner or person in charge thereof is attempting to violate any rules under this part.

80. *Canal closures.*—No claim for compensation to any owner or person in charge of any boat or raft navigating the canal shall be created by unavoidable detention resulting from the closure of the canal, or from the depth of water being at any time unavoidably reduced, or from the failure of any weir, lock, bridge or other work in the canal bed.

81. *Vessels, &c., abandoned.*—If any vessel be found abandoned in a canal, or any cargo or goods carried in a Government vessel on a canal, or stored on or in lands or warehouses occupied for the purposes of a canal, be left unclaimed for a period of two months, the traffic manager shall request the Divisional Canal Officer to take possession of the same, and shall furnish a schedule (Appendix VII) giving particulars of the vessels, cargo or goods. The officer so taking possession shall publish a notice (Appendix VIII) in the Government Gazette; and if the vessel and its contents or cargo or goods referred to in the notice are not claimed within thirty days from the date of the notice, shall direct the property to be sold. On receipt of the proceeds of sale, the Divisional Canal Officer shall credit the amount of charges due to the traffic manager, if the net amount realized exceeds the amount of charges, and shall pay the balance to the owner of the boat or its contents, or of the cargo or goods, so soon as the ownership is established to the satisfaction of the Canal Officer; or to the district treasury if no ownership is established to the Divisional Canal Officer's satisfaction, within the period of one month from the date of sale. If the net proceeds of the sale are less than the amount of charges due, the whole net proceeds shall be credited to the traffic manager.

MISCELLANEOUS.

82. *Prohibition against passing on or across canal works.*—No person, without the permission, in writing, of the Sub-Divisional Canal Officer, shall pass, or shall cause any animal or vehicle to pass, on or across any of the works, banks or channels of a canal or drainage work, after he has been desired to desist therefrom, excepting upon such bridges, fords and ferries, and their approaches, as are provided by the Divisional Canal Officer.

83. *Persons employed on canals not to have an interest in the distribution of water, &c.*—No person employed on a canal shall, without previous sanction obtained from the Divisional Canal Officer, have any interest in the use or distribution of water from the said canal, or purchase, or bid, either in his own name or in the name of another, or separately or in partnership with others, for any property sold by or on behalf of Government thereon.

88. Any appeal under these rules may be admitted after the period of limitation prescribed therefor, when the appellant satisfies the officer to whom he appeals that he had sufficient cause for not presenting the appeal within such period.

No appeal shall lie against an order under this rule admitting an appeal.

89. The Financial Commissioner may at any time call for any case which has come before a Commissioner or Deputy Commissioner, and the Local Government may at any time call for any case which has come before a Superintending or Divisional Canal Officer, and pass such orders thereon, consistent with the Act and the rules made thereunder, as may seem proper.

RESOLUTION.

IN Home Department Circular, dated the 7th August 1868, the Government of India requested that instructions might be issued to the local authorities that whenever a Government official is judicially convicted of any offence, a copy of the decision should be sent to the Head of the Department in which he is employed, in order that such action in the case,

as may be deemed proper, may be taken at once. In the Circular letter of the 24th January 1899, referred to in the preamble to this Resolution, the Government of India inquired (1) whether it is the practice in the several Provinces to supply free of charge copies of judicial decisions sent to Heads of Departments under the orders of 1868, and (2) whether there would be any objection to the issue of a rule to the effect that copies of judgments of acquittal and orders of discharge should also be supplied free of cost on the application of the Head of the Department in which the officer is employed. The replies to the Circular answer the first of these questions in the affirmative and the second in the negative.

2. The Governor-General in Council is therefore pleased to direct that the existing practice of supplying free of charge to the Head of the Department concerned copies of judgments convicting Government officers of criminal offences shall be continued, and that in future copies of judgments of acquittal and orders of discharge shall also be supplied free of charge on the application of the Head of the Department.

ORDER.—Ordered, that this Resolution be communicated to all Local Governments and Administrations and to the several Departments of the Government of India.

Punjab Government Notification No. 271, dated the 4th February 1891, is hereby cancelled.

THE SCHEDULE.

Section 49.

1. No assessment and no charge or demand of any tax shall be impeached or affected by reason of any mistake in the name, residence, place of business or occupation of any person liable to pay the tax or in the description of any property or thing liable to the tax, or of any mistake in the amount of assessment or tax or by reason of any clerical error or other defect of form; and it shall be enough in any tax on property, or any assessment of value for the purpose of any such tax, if the property taxed or assessed is so described as to be generally known; and it shall not be necessary to name the owner or occupier thereof.

Section 50.

2. Taxes shall be payable on such dates and in such instalments (if any) as the Cantonment Committee, with the previous sanction of the Deputy Commissioner, may from time to time direct.

Section 51.

3. For all sums paid on account of any tax a receipt, stating the amount and the tax on account of which it has been paid, shall be given by the person receiving the same, on request by the person making the payment.

Section 52.

4. (1) An appeal against the assessment or levy of any tax shall lie to the Deputy Commissioner or to such other officer as may be empowered by the Local Government in this behalf:

Provided that, when the Deputy Commissioner or such other officer as aforesaid is a member of the Cantonment Committee, the appeal shall lie to the Commissioner of the Division.

(*2*) If, on the hearing of an appeal under this rule, any question as to the liability to, or the principle of assessment of, a tax arises, on which the officer hearing the appeal entertains reasonable doubt, he may, either of his own motion or on the application of any person interested, draw up a statement of the facts of the case and the point on which doubt is entertained, and refer the statement with his own opinion on the point for the decision of the Chief Court.

(*3*) On reference being made under this rule: the subsequent proceedings in the case shall be, as nearly as may be, in conformity with the rules relating to references to the High Court contained in Chapter XLVI of the Code of Civil Procedure.

(*4*) In every appeal the costs shall be in the discretion of the officer deciding the appeal.

(*5*) Costs awarded under this section to the Cantonment Committee shall be recoverable by the Committee as though they were arrears of a tax due from the appellant.

(*6*) If the Committee fails to pay any costs awarded to an appellant within ten days after the date of the order for payment thereof, the officer awarding the costs may order the person having the custody of the balance of the Cantonment Fund to pay the amount.

Section 53.

5. Provided that an appeal may be admitted after the expiration of the period prescribed therefor by this rule if the appellant satisfies the officer before whom the appeal is preferred that he had sufficient cause for not presenting the appeal within that period.

(*2*) No appeal shall be entertained unless the appellant has paid all taxes due from him to the Cantonment Committee up to the date of such appeal.

Section 54.

6. No objection shall be taken to any valuation or assessment, nor shall the liability of any person to be assessed or taxed be questioned, in any other manner or by any other authority than is provided in those rules.

Section 55.

7 (*1*) The Cantonment Committee may, by written communication, call upon any inhabitant of the Cantonment to furnish such information as may be necessary in order to ascertain whether such inhabitant is liable to pay any tax.

(*2*) If any inhabitant so called upon to furnish information omits to furnish it or furnishes information which is untrue, he shall be punishable with fine which may extend to one hundred rupees.

(*2*) For the purpose of preparing the list, the Cantonment Committee may require the owners or occupiers of the building to furnish it with the returns of the measurements and of the rent or annual value.

9. Where the assessment list has been completed, the Cantonment Committee shall give public notice thereof, and of the place where the list or a copy thereof may be inspected; and every person claiming to be either owner or occupier of any building included in the list, and any agent of such person, shall be at liberty to inspect the lists and to make extracts therefrom without charge.

Section 57.

10. (1) The Cantonment Committee shall at the time of the publication of such assessment list give public notice of a time, not less than one month thereafter, when it will proceed to revise the valuation and assessment; and in all cases in which any building is for the first time assessed, or the assessment thereof is increased, it shall also give notice thereof to the owner or occupier of the building.

Section 58.

(2) All objections to the valuation and assessment shall be made in writing before the time fixed in the notice, or orally or in writing at that time.

11. (1) After the objections have been enquired into and the persons making them have been allowed an opportunity of being heard either in person or by authorized agent, as they may think fit, and the revision of the valuation and assessment has been completed, amendments made in the list shall be authenticated by the signatures of not less than two members of the Cantonment Committee, who shall at the same time certify that no valid objection has been made to the valuation and assessment contained in the list except in the cases in which amendments have been entered therein; and, subject to such amendments as may thereafter be duly made, the tax so assessed shall be deemed to be the tax for the year commencing on the first day of January next ensuing, as also, in the case of a tax then imposed for the first time, for the period between the commencement of the tax and such first day of January.

Section 59.

(2) The list when amended under this section shall be deposited in the Cantonment Committee's office and shall there be open during office hours to all owners or occupiers of buildings comprised therein, or the agents of such persons, and a public notice that it is so open shall forthwith be published.

12. (1) The Cantonment Committee may at any time amend the list by inserting the name of any person whose name ought to have been inserted, or by inserting any building which ought to have been inserted, or by altering the assessment on any building which has been erroneously valued or assessed through fraud, accident or mistake, after giving notice, to any person interested in the amendment, of a time not less than one month from the date of service of such notice, at which the amendment is to be made.

Section 60.

(2) Any person interested in any such amendment may tender his objection to the Cantonment Committee in writing before the time fixed in the notice, or orally or in writing at that time, and shall be allowed an opportunity of being heard in support of the same in person or by authorized agent, as he may think fit.

13. It shall be in the discretion of the Cantonment Committee to prepare a new assessment list every year, or to adopt the valuation and assessment contained in the list for any year, with such alterations as may in particular cases be deemed necessary, as the valuation and assessment for the year following, giving the same notice of the valuation and assessment as if a new assessment list had been prepared.

Section 63.

(2) A water tax shall be paid by the occupier of the property in respect of which it is payable.

Section 64.

(2) If the bill be not paid within ten days from the delivery thereof, the Committee may cause a notice of demand to be served on that person; and, if he does not, within seven days from the service of the notice, pay the sum due with any fee leviable for the notice, or show sufficient cause for non-payment, the sum due, with the fee, shall be deemed to be an arrear of tax.

(3) The amount of every such arrear besides being recoverable in the manner hereafter provided by Rule 20 shall, subject to any claim on behalf of Her Hajesty, be a first charge on the property in respect of which it is payable, and shall be recoverable, on application made in this behalf by the Cantonment Committee to the Collector, as if the property were an estate assessed to land-revenue and the arrear of such revenue due thereon:

If any person, bringing or receiving a conveyance or package within the limits of the Cantonment, shall refuse, on the demand of an officer authorized by the Cantonment Committee in this behalf, to permit the officer to inspect the contents of the conveyance or package for the purpose of ascertaining whether it contains any articles in respect of which octroi is payable, the officer may cause the conveyance or package to be taken without unnecessary delay before any Magistrate or member of the Cantonment Committee, who shall cause inspection to be made in his presence.

Section 67.

18. Every officer demanding octroi by the authority of the Cantonment Committee shall tender to every person introducing or receiving any article on which the tax is claimed a bill specifying the article taxable, the amount claimed and the rate at which the tax is calculated.

Section 68.

19. (1) In case of non-payment of any octroi or of any toll on demand the officer empowered to collect the same may seize any article on which the octroi is chargeable, or any vehicle or animal on which the toll is chargeable, or any part of its burden of sufficient value to satisfy the demand.

(2) The Cantonment Committee may cause any property so seized, or so much thereof as may be necessary, to be sold by auction to satisfy the demand with the expenses occasioned by the seizure, custody and sale thereof, unless the demand and expenses are in the meantime paid after the lapse of five days from the seizure, and after the issue of a proclamation fixing the time and place of sale:

Provided that, by order of the Cantonment Magistrate, articles of a perishable nature which could not be kept for five days without serious risk of damage may be sold after the lapse of shorter time as he may, having regard to the nature of the articles, think proper.

Section 201.

20. Any arrears of any tax recoverable by the Cantonment Committee under these rules may be recovered, on application to a Magistrate having jurisdiction within the limits of the Cantonment, or in any other place where the person from whom the money is claimable may for the time being be resident, by the distress and sale of any moveable property within the limits of his jurisdiction belonging to such person.

Addenda and Corrigenda to the Punjab Famine Code.

No. 8.

FOR sections 24-5 substitute the following:—

24. Relief Works are sub-divided into two classes, "Public Works" and "Village Works."

25. "Public Works" include all works the cost of which is properly chargeable to public funds, whether Imperial, Provincial or Local.

"Village Works" are all such works, large or small, as would in ordinary times be executed at the cost of private individuals or communities, but which are suitable for relief works in times of famine and can then be executed either at the cost of the State or by means of loans.

No. 9.

FOR sections 27-35 substitute the following:—

27. The Public Works Department in the Buildings and Roads Branch shall be responsible for the maintenance and revision of programmes of relief works. In order that this duty may be carried out the following instructions are laid down for guidance:—

(1) The basis of each annual revision will be the existing programme in Form B appended. (*Vide* Appendix I).

(2) The revised programme will consist of a printed copy of the existing programme showing—

(*a*) works to be struck out as having been constructed, or as having for any reason become unsuitable for inclusion in a relief programme; and

(*b*) new works proposed to be added.

(3) The Executive Engineer, Public Works Department (Buildings and Roads Branch), shall be responsible in the first instance for the annual revision of the relief works programmes of all districts situated within his Division.

(4) A month before the prescribed date for submission of the annual revised programme to the Superintending Engineer, the Executive Engineer, Buildings and Roads Branch, should send a copy of his provisional programme to the Deputy Commissioner so that this officer may have an opportunity of making any remarks that may seem to him to be advisable, and the Deputy Commissioner will, in returning it with his remarks, furnish the Executive Engineer with a list of the works which he would wish should be included in the revised programme. Ordinarily the Executive Engineer will concern himself only with the addition of '*public works*' to the programme. The Deputy Commissioner, on the other hand, from his more intimate local knowledge of the requirements of his district is in a better position to indicate the "*village works*" to be added in revising the programme. Both officers should, however, work together in free and frequent consultation. Without cordial co-operation between the two satisfactory results cannot be expected.

(5) The Commissioner of the Division will similarly inform the Superintending Engineer a month before the Superintending Engineer has to submit his annual revised programme, if there are any works not

likely to be mentioned by the Deputy Commissioners, but which he would like included in the programme.

(6) In addition to the programmes prepared by the Engineers of the Buildings and Roads Branch the Chief Engineer of that Branch will require information as to Irrigation Works and Railways suitable for famine relief.

As to the Irrigation Works the Chief Engineer, Irrigation Branch, will receive annual revised programmes from his Superintending Engineers who will receive them at the prescribed time from the Executive Engineers.

The Executive Engineers of the Irrigation Branch will act in the manner prescribed in paragraph (4) for the Executive Engineers of the Buildings and Roads Branch, but it will be unnecessary for the Deputy Commissioners to furnish the Irrigation Officers with any proposals.

(7) When the Chief Engineer, Irrigation Branch, has received all the programmes from his Superintending Engineers he will, after scrutiny, modification or addition, pass them on with his remarks to the Chief Engineer, Buildings and Roads Branch, noting on each item whether the surveys and estimates have been prepared or not.

(8) The Government of India in the Public Works Department will be asked annually to furnish the Public Works Department, Punjab, with a list of Railway projects which may be available for famine relief.

(9) When all the programmes are received by the Chief Engineer, Buildings and Roads Branch, he will, after scrutiny, prepare a combined programme for all the works in the province and submit the same for the approval of the Local Government.

(10) He will also take steps to have the necessary surveys and estimates for the most promising works prepared without any delay, so that if famine should break out unexpectedly there will be no difficulty as to works.

(11) Similarly he will ask the Chief Engineer of the Irrigation Branch that he will, if possible, see that the most important works in his department are surveyed and estimated beforehand.

(12) Famine relief programmes should indicate not only works actually sanctioned and works which though not sanctioned are likely sooner or later to be undertaken whether as relief works or not, but also a number of works which though in neither

of these categories would yet be effective for famine relief. Deficiencies in this respect should be pointed out by District Officers and Commissioners, and should be supplied wherever possible by the Public Works Department. Works of this kind may with advantage be entered in the Irrigation Branch programmes as well as in those of the Public Works Department, Buildings and Roads Branch.

(13) As far as possible Government will provide funds to meet the cost of the survey of 'Public Works' likely to be useful as Famine Relief Works.

28. The Executive Engineer shall submit a copy of the programme of relief works, as revised, to the Superintending Engineer by the 1st of April in each year. With it he shall submit any memorandum which, in case of difference of opinion between himself and the Deputy Commissioner, the latter officer may have recorded. The Superintending Engineer will after consulting the Commissioner forward the programme with his remarks and criticisms and the Deputy Commissioner's memorandum (if any) to the Commissioner by the 20th of April. The Commissioner will submit the papers with his remarks to the Secretary to Government in the Public Works Department before the 1st of May. The orders of Government on the programme will be issued in the Public Works Department after consultation, if necessary, with the Civil Department, and the programme as thus approved will be printed and copies supplied to all officers concerned.

29. It shall be the duty of the Superintending Engineer at all times to see that, as far as possible, plans and estimates are prepared for all works on the sanctioned programme for which plans and estimates are necessary. The Superintending Engineer will refer all doubtful points to the Chief Engineer for orders and will ask for necessary allotments for surveys, &c., when required for purposes of estimate. The ordinary rules applicable as regards the sanction necessary for plans and estimates of public works will be applicable in the case of works included in a relief programme. It must be understood, however, that neither the inclusion of a work in the relief programme, nor sanction to the plans and estimates such as is here contemplated, will be sufficient authority for carrying out a work in ordinary times.

30. A statement in Form C appended (*vide* Appendix II) shall be prepared in the Public Works Secretariat from the District Relief programmes as finally approved, and shall be submitted by the Local Government to the Government of India in the Revenue and Agricultural Department not later than the 1st of June in each year.

To Section 42 A add the following :—

The work should be task-work or any system of payment by results which is not essentially more liberal than ordinary task-work; the tasks shall be not less than by the Code scale; the maximum wage that can be earned by the workers shall not exceed the Code wage* of their class, and shall not be less than it by more than one pice. Payment must be in strict proportion to results, and there should be no *minimum* wage. No allowances for a day of rest or for dependants on workers should be given at the test-work stage except with the sanction of the Commissioner of the Division, who should report for the information of Government every case in which he sanctions such allowances.

* See Correction Slip No. 28.

Test works should whenever possible be conducted under the supervision of a competent professional officer, either the District Board Engineer or an officer of the Public Works Department placed at the Deputy Commissioner's disposal for the purpose. The work should be centrally situated among the villages supposed to be affected, but not too near the largest ones, and in drawing conclusions from the attendance regard should be had to the distance from which the workers come.

No. 11.

At the beginning of Chapter III insert the following note :—

In regard to the relations between officers of the Revenue and of the Public Works Departments respectively the principle accepted by the Government of India is that works are only one form of relief, and the responsibility for the general efficiency of relief must rest primarily with Revenue officers of divisions and districts. The Chief Engineer acting under the close control of the Local Government in the Famine Department is responsible for the general direction of all relief works entrusted to the officers of the Public Works Department on the lines laid down in the Code or by the Local Government by way of supplement thereto. The Superintending Engineer in his

Circle and the Executive Engineer in his Division are responsible for the proper conduct of all departmental relief operations by their respective subordinates in accordance with the rules of the Famine Code and of the Public Works Department Code and with the orders of the Local Government supplementary to the Code. They should by personal communication and otherwise keep themselves in constant touch with the Commissioner and the Deputy Commissioner on all matters not of a strictly professional nature such as the opening, extension, transfer or cessation of departmental relief works. Tasks and wages, though of a professional nature on ordinary works, should not on relief works be fixed or altered by the Superintending or Executive Engineer without a reference to and the concurrence of the Commissioner or Deputy Commissioner, except in so far as it may be necessary to alter tasks so as to keep the wage uniform (*cf.* Section 128.) It is for the Deputy Commissioner to apply a remedy where difficulties arise from the overlapping of the duties entrusted to the Civil staff and to the Public Works Department, and if his orders are questioned as contrary to departmental rules a reference may be made to the Commissioner of the Division, whose decision should be carried out at once and is final, subject to a reference to the Local Government. Pending such reference the decision of the Deputy Commissioner must be accepted in all matters relating to the employment and wages of labourers, the opening or closing of works, the arrangements for and the distribution of gratuitous relief, and generally in all matters which are not of a professional nature. Except in matters of emergency, however, the orders of the Commissioner or Deputy Commissioner should be communicated to the Superintending Engineer or Executive Engineer as the case may be, and not to subordinate officials employed on the works, who should all be wholly subordinate to the Executive Engineer.

No. 13.

SECTION 88.

FOR the last twelve words of Section 88 substitute the following :—

The grain dole should be equal to the grain equivalent of the minimum wage or the adult dependant's wage as defined in Section 174, Correction Slip No. 28, *viz.*, 12 chatáks. In the case of children the amount of the grain dole should be that provided for Class V of the persons relieved on the works, *viz.*, 7 chatáks for children between 8 and 12 years of age and 5 chatáks for children below 8. When cash doles are given the amounts should be those shown in columns 4, 6 and 7 of the ready-reckoner attached to Correction Slip No. 28.

No. 14.

TO Section 89 add :—

No persons of the classes described in this section should be considered ineligible for village relief under the proviso because the bread winners of the family are employed on relief works, or be referred to relief as dependants on works for the same reason. They should on the contrary be allowed free option either to go to relief works as dependants or to apply for village relief, and if they choose the latter course, they should get village relief if not ineligible on other grounds.

No. 15.

The following provisions supersede and should be substituted for the last paragraph of section 106 :—

"*Public works*" under the management of the Public Works Department are preferable to "*village works*," especially during the initial stages of famine. "*Public works*," however, will not be started in every tahsíl or locality. The able-bodied population must in most cases be prepared to leave their homes in order to obtain employment on such works, and no limit as to the distance they may be required to travel can usefully be laid down. The reasons which make village tanks and similar small works unsuitable as test works are equally applicable to the selection of relief works at the commencement of famine. Village tanks, however, may usefully be brought into requisition at a later stage in order to keep the people at their homes when the time for the preparation of the land for the harvest arrives.

"*Village works*" may with great advantage be undertaken, even in the earlier stages of distress, by land-owners with the object of keeping their tenants or labourers together, and the land-

owners may be encouraged by loans to undertake them at this stage. Such loans may be—

(*a*) wholly recoverable and with interest ;

(*b*) wholly recoverable, but without interest ; or

(*c*) partially recoverable with or without interest, according to the degree of distress and the ability of the land-owners to incur expenditure on this account.

Only in case (*c*) will such loans be debitable to the head of 'Famine Relief.'

No. 16.

INSERT the following as a preface to Section B of Chapter VI of the Code :—

PREFACE.—Section B of Chapter VI of the Code deals with the classification of workers and the task to be demanded from them. In the initial stages of distress, however, the Government of India consider that in place of task-work a system of piece-work, or at any rate of payment by results, should be adopted unless there is the clearest evidence that the distress is from the outset of a distinctly acute kind. This important matter should at a very early stage, generally in connection with the report prescribed in Section 43 of the Code, be referred by the Commissioner of the Division to the Local Government for decision. Piece-work, pure and simple, as a method of famine relief work is open to several obvious objections, but several systems of payment by results are discussed in paragraphs 198 to 212 of the Famine Commissioners' Report of 1898 which are well suited to the initial stage of distress and can readily be converted, if the necessity should arise, into ordinary task-work. The Government of India have expressed a preference for the system described in paragraph 208 of the Report, but have left it for the Local Government to decide the particular system to be followed in the Punjab. No such system was effectively tried in the Province in the scarcity of 1896-97 and therefore no one system is at present prescribed for the Province as a whole. Commissioners should when proposing the adoption of piece-work in preference to task-work clearly indicate the system they propose to follow with their reasons for adopting it. It may be *necessary* to provide employment on a piece-work system in cases in which the relief labourers or a large number of them belong to Rájpút and other high castes whose women by custom do not appear in public. Whatever system of payment by results be introduced, provision must always be made for such weakly persons as may be unable, though not fit objects for gratuitous relief, to earn a subsistence wage under the system in force, or to obtain admission into any of the family or village gangs working under that system. Payment by results does not exclude the grant of allowances to dependants. The provision for weakly persons may be in the form of a special piece-work rate to be paid to feeble gangs, and such gangs may be employed on clod breaking or dressing, or on other light labour connected with earthwork. Or they may be treated as task-workers under the Code and be granted the wages prescribed for Classes II and III as defined in Correction Slip No. 17. The proportion of such weakly persons to those working under the system of payment by results must be closely watched, and should it become excessive as the distress deepens, the system of payment by results should be replaced by one of task-work with a minimum wage. This change may be effected under the orders of the Commissioner and should be communicated by him to Government.

No. 17.

FOR Sections 115, 116 substitute :—

115. All persons employed on works in time of famine will be divided into the following classes :—

WORKERS.

Special.—All persons in responsible positions or with special qualifications who are paid a wage exceeding by a constant difference that allowed to workers in Class I.

Class I—Diggers.—All able-bodied labourers who are capable of performing a fair digger's task, the task to be not less than 75 per cent. of that usually required from able-bodied labourers on ordinary works, or on tasks other than digging not less than 50 per cent. in excess of that required from labourers in Class II.

Class II—Carriers.—To include all adult labourers not included in the special or diggers' class or in Class IV and all working children 12 years of age and over.

Class III.—All working children below 12 and over 8 years of age who are capable of carrying a fairly-sized basket of earth.

GRATUITOUSLY RELIEVED.

Class IV.—Gratuitously relieved.—All adult dependants of workers who are unable to work, and other feeble persons who may be given purely nominal employment on the works so that they may qualify for the dependants' or minimum wage.

Class V.—Non-working Children.—All children of workers 8 years of age and under, and any above that age who may for sufficient reason not be admitted as working children (Class III).

NOTES.—The *Special Class* includes mates and heads of gangs or others holding a slightly responsible position, or labourers with special qualifications such as quarrymen, water-carriers or others whom it is necessary to entertain for the proper control of the labour or prosecution of the work. But no persons who are paid either a monthly wage or a daily wage which differs otherwise than by a constant difference from the wage for any of the other classes should be returned as relief workers.

Class I will consist almost entirely of men, though women who are capable diggers may be admitted into it.

Class II will usually comprise all the females on the work over 12 years of age, all boys between 12 and 16, and all old and feeble men who are unable to do anything more than carry.

Classes III and V.—The Commissioner of the Division is authorized to take the age of 14 instead of 12 as the higher limit for children, and the age of 10 as the lower limit for working children, and to place children in arms in a class by themselves with a daily allowance of one pice per child irrespective of the grain rate, if the scale of wage prescribed below proves so high as to be workable only by frequent resort to the device pointed out in Section 178, Correction Slip No. 29 for reducing it.

116. *Nursing mothers* should receive the wage of their class (which will be usually 15 chaták s) along with the non-working child's allowance (ordinarily 5 chaták s).

No. 18.

For Section 118 substitute :—

118. Only persons of Class I will as a rule be employed on ordinary works and all the classes will be admitted to relief works.

No. 19.

For Section 119 substitute :—

119. The maximum carrying task for a member of Class II should not ordinarily be more than half or less than a third of that usually performed by able-bodied labourers on ordinary works. Class III, Working Children, will generally be employed as carriers, and should be given tasks equal to half those of the members of Class II. The precise orders on this subject required in each case will be given in the manner contemplated by Section 128 of the Code.

No. 20.

For the second and third sentences of Section 120 of the Code substitute :—

When it is necessary to open "*village works*" on an extensive scale they should be managed as far as possible professionally on the same principles as near as may be as public relief works. But detached works will be carried out by the Deputy Commissioner with the aid of his assistants and the relief circle staff.

And, at the end of the section add :—

The services of Civil officers, *e. g.*, Náib Tahsíldárs attached to relief works for famine duty, should be placed at the disposal of the Public Works Department. They should be selected and appointed by the Revenue authorities, but should be posted and transferred by the Superintending Engineer in communication with the Commissioner or District Officer, and in all cases in which the work is carried out under the control of the Public Works Department they should in the performance of their duties be entirely subordinate to the Public Works Officer responsible for the work.

No. 21.

Section 126. Cancel the words following "necessary," and substitute for them the following :—

receive on admission a dole in dry grain or a ration of cooked food at his discretion.

No. 22.

For Section 131 of the Code substitute :—

131. Relief workers should not be allowed to work on Sunday. Sunday wages may be allowed to relief workers, provided that ordinarily—

(1) no Sunday wage may be given on village tanks and similar small works near the people's own homes;

(2) no relief worker or dependant shall receive a wage for Sunday unless he lives on the works and is present thereon on Sunday;

(3) the amount of the Sunday wage of a relief worker shall be equal to the minimum or Class IV wage for adults and the Class III wage for working children. The Sunday allowance of a dependant shall be the ordinary allowance of his class.

No. 23.

SECTION 133.

Adding the following *Note* to this Section :—

Note.—By the North-Western Provinces system five gangs of 80 workers each form a "party" under a *Jamadár* or Moharrir, and twelve such "parties" form a relief "charge" under a Famine Náib-Tahsíldár. A charge thus contains approximately 5,000 persons, and the Famine Commissioners considered that this limit should not be exceeded.

No. 24.

The following provisional sections should be substituted for Sections 135 to 138 of the Code :—

135. The officer in charge shall be responsible that every labourer receives the wage to which he is entitled, and all payments must be made individually except in cases where the Commissioner

gives permission for payment to be made to the heads of gangs, which cases he will report to the Local Government weekly. The individuals constituting each gang should all be paid at the same time. Payments should wherever possible be made by regular cashiers borne upon the strength of the establishment of the relief work.

136. In no case shall pay be distributed less oftener than once a week. Subject to this limitation and to such orders as may from time to time be issued by the Local Government the officer in charge will decide whether payments shall be made once, twice or three times a week or daily. It may occasionally be necessary to make daily payments when a number of relief workers on first being admitted are in a feeble state.

137.—Whether payments are made daily or not the wage should be calculated to the nearest *pice*, ten pies for example being treated as equivalent to three pice and eleven pies to four pice.

138.—Fines are not meant to meet short work due to weakness rather than wilfulness. Fines may be imposed—

(1) for short work when the officer in charge is satisfied that the deficiency is due to wilfulness and not weakness; or

(2) for wilful breach of sanitary regulations.

Ordinarily failure to perform the prescribed task is due to the diggers of a gang, and it will rarely be necessary to fine carriers, whose wage indeed does not admit of much reduction. Of course contumacious refusal to work must be suitably dealt with in the case of carriers as well as of diggers. Any labourer persisting in such conduct should either be fined or be sent to the poor-house.

No. 25.

The following provisional sections should be read instead of Sections 140, 140 A and 141 of the Code :—

140.—Arrangements shall be made by the civil officer in charge of the work to relieve the children of relief workers and other infirm persons unfit for work, who apply for relief at the

works, whether dependant on relief workers or not. A muster roll of such children and infirm persons shall be kept as nearly as possible in Form 9. At all works where this is possible relief workers' children, who are unfit to work, should be fed in kitchens, and if necessary put in charge of nurses while their parents are engaged in work. Shelter from the sun and rain during the day time shall be provided. The shelters shall be at such a distance from the works that the children cannot interfere with the works. Suitable latrines shall be provided near at hand. Hints as to the management of kitchens will be found in Appendix F. Infirm persons and adult dependants will be supplied with cooked food from such kitchens. The number of dependants and non-working children so relieved and the expenditure will be shown in Form 10.

141.—When arrangements for the relief of the non-working children and dependants of relief workers and of other infirm persons cannot conveniently be made in the manner contemplated in the preceding section, relief may be afforded by means of cash allowances. Where such allowances are paid to the working members of the family on behalf of children or other dependants the officer in charge of the work shall be careful to ascertain from time to time that the allowances are really devoted to the relief of the children or dependants, and shall, before granting any allowances in the case of adults, ascertain beyond reasonable doubt that they are unable to work.

The advantages of kitchens are that they act as a test and tend to keep off people not absolutely requiring relief and that they are specially suited to the requirements of young children who may be in danger of being neglected by their parents. The disadvantages are that they are expensive, requiring large establishments, that they are no real test in the case of low castes, and that they may be too severe a test for adults of the better castes and classes. The kitchen system is necessary when a test is required or when children do not otherwise get sufficient relief. The latter is especially the case in a time of severe famine. But the officer in charge of a work may give instead of kitchen relief a money dole or an uncooked ration to deserving persons who are prevented by caste or prejudice from accepting cooked food.

THE following should be added to Section 164 of the Code:—

Under similar arrangements it may sometimes be found desirable to draft by rail not merely able-bodied labourers, but parties of relief workers of all classes to large public works in another district, for employment on such works under famine relief conditions. Here again still greater tact and patience are required, and it will generally be advisable that the officers and establishment under whom the relief labourers have been working and whom they have learnt to trust shall accompany the draft.

No. 28.

CANCEL Sections 165, 167, 171, 174 and 175 and substitute:—

166. The grain equivalents of the full and minimum rations now provisionally prescribed are based on a computation of the cost of the grain and other items of the rations, the price of grain being taken at 20 lbs to the rupee, which may be regarded as the general famine rate. A margin of 5 per cent. is further allowed to avoid the risk of the wage being insufficient to purchase the full ration of food. The grain value of the full ration is therefore calculated as follows:—

Full wage.

	Annas.
24 oz. of the common grain used in the country ...	1·2
4 oz. pulse at 20 lbs. ...	0·2
½ oz. salt at 20 lbs. ...	0·025
1 oz. ghi or oil at 3 lbs. ...	0·333
1 oz. condiments and vegetables at 8 lbs. ...	0·125
	1·883
Add 5 per cent. ...	0·094
Total wage in annas ...	1·977

Of this the corresponding grain equivalent at 20 lbs. to the rupee is 39·54, or say 40 ounces.

167. This is the wage now prescribed for workers of 'Class I—Diggers,' and that of 'Class II—Carriers' should be 75 per cent. of this. Working children or Class III should be paid about half the wage for Class II.

171. In the minimum daily ration there is no distinction between men and women. The corresponding wage is calculated as follows :—

Minimum wage.

	Annas.
15 oz. of the common grain used in the country at 20 lbs. ...	0·75
2 oz. pulse at 20 lbs. ...	0·10
½ oz. salt at 20 lbs. ...	0·025
½ oz. ghi or oil at 3 lbs. ...	0·167
½ oz. condiments and vegetables at 8 lbs. ...	0·062
	1·104
Add 5 per cent. for margin	·055
	1·159

The corresponding grain equivalent at 20 lbs. is 23·18 ounces, or say 24 ounces. This is the wage payable to adult dependants of Class IV, and non-working children should receive about half of this allowance.

174. The provisional grain wage for all classes is therefore as follows :—

	Chatáks.
Class I—Diggers ...	20
,, II—Carriers ...	15
,, III—Working Children	8
,, IV—Adult Dependants	12
,, V—Non-working Children—	
(*i*) Over 8 years ...	7
(*ii*) 8 years and under ...	5

When a Special Class is necessary the wage may exceed that for Class I by a constant difference, in regard to which proposals should be made to Government by the Commissioner of the Division for approval. The number in this class will always be small and should not exceed a certain percentage of the other workers, which will depend on circumstances and can be fixed by the Superintending Engineer.

175. In applying these grain equivalents the daily wages or allowances paid in cash should always be fixed in terms of full pice, whether payments be made daily or not. For this purpose the ready-reckoner hereto appended will be found useful.

No. 29.

For Section 178 substitute :—

178. It is intended that as a rule these rates should be very strictly adhered to, but it is also recognised that a power of deviating from them must be conceded in certain cases. Instances of such cases are where the circumstances of life on relief works are extremely trying as in the rains in some places and in hot winds in others, and it may be judicious to allow a somewhat higher wage than is ordinarily necessary ; so also when it is known that the physical condition of a large proportion of the workers is below par. On the other hand, at the end of a famine, or if a demand for labour has arisen and the able-bodied relief workers remain on the works without necessity, it may be advisable to make the works less attractive by some moderate reduction of the standard rates. To meet such cases power to deviate from the rates in the following manner has been conferred upon the Local Government. A grain rate somewhat higher or lower than that actually obtaining at the time may be fixed from time to time as the wage basis for particular works or groups of works. The maximum limit of deviation allowed is 25 per cent. in either direction. Thus when the actual rate is 20 lbs. to the rupee the wage basis to be prescribed should never be less than 15 lbs. or more than 25 lbs. to the rupee. This power the Lieutenant-Governor is pleased to delegate to Commissioners of Divisions who should, however, immediately report each case in which they exercise it, and should record their orders in writing. The discretion thus granted will necessarily be exercised with reference to a pice wage table in some such form as that given in the Appendix to Correction Slip No. 28. Too frequent resort to this device may be avoided by the exercise of the power which has been conferred on Commissioners in the note on Classes III and IV under revised Section 115 (Correction Slip No. 17) of taking the age of 14 instead of 12 as the higher limit for children and the age of 10 as the lower limit for working children. The wage for children between 10 and 14 may in that case be suitably placed at 10 chaták, for children between 7 and 10 at 6 chaták, and for children under 7 but not in arms at 4 chaták.

No. 32.

Add the following as Appendix G to the Code :—

Appendix G to the Punjab Famine Code.

Rules for treatment of weavers in times of famine.

I.—Distressed weavers shall, if possible, be given special relief in their own craft if their sole occupation is weaving, and if they are deemed—

(*a*) unfitted by the practice of their profession and hereditary habits for hard out-door labour, or

(*b*) physically incapable of earning a sufficient livelihood on the ordinary relief works, or

(*c*) not susceptible to the ordinary labour-test on such works without risk of impairing or injuriously affecting their manual skill or delicacy of touch necessary for the successful carrying on of their own craft, or without otherwise endangering their connection with their own profession.

II.—Special relief shall only be organized in localities where the weavers are found congregated together in considerable numbers in the same town or village, or in a group of adjacent towns or villages.

III.—The admission to special relief shall be controlled on the basis of personal enquiry and knowledge of individual circumstances as ascertained by such enquiry.

IV.—The operations shall be placed under the control of a specially qualified official, who should, as far as possible, have associated with him members of Municipal Committees where they exist, and respectable non-official cloth merchants or other experts in the trade.

Where other suitable agency is forthcoming, such as that of Missionaries or other non-official Europeans, their services may gratefully be utilized.

V.—Persons admitted to the relief shall be remunerated either by wages on the performance of a prescribed task in accordance with the wage scale applicable to the case of ordinary relief workers, or by purchase at current rates of cloth woven in pursuance of orders given. If these rates are so low that a weaver cannot support himself and his family on them under the abnormal state of things due to famine, they may be raised as may be deemed necessary.

VI.—When special measures for the relief of weavers are not instituted, they should be employed on light work, as carrying earth or digging soft soil, and should, as far as possible, be specially ganged and tasked in careful relation to their strength, usual occupation, and mode of life.

No. 1191.—*Notification.*—The following is published for general information :—

No. 2936.

GOVERNMENT OF INDIA,—HOME DEPARTMENT.

SANITARY.

Plague.

Simla, the 20th October 1899.

NOTIFICATION.

In the notification of the Government of India in the Home Department, No. 4341, dated the 10th November 1898, it was ordered, under the powers conferred by section 2, sub-section (*1*), of the Epidemic Diseases Act (III of 1897), that the pilgrimage to the Hedjaz during the season of 1899 might be permitted, except in the case of persons residing in the Bombay Presidency (excluding the whole of Sind except Karachi), the Presidency of Madras, the Mysore, and Hyderabad States and Coorg, subject to certain precautions and restrictions which were imposed in view of the strong opinions of all European Governments, including Turkey, regarding the danger of plague being communicated to Europe, and in view of the danger of plague being spread by intending pilgrims from infected to non-infected portions of India.

Plague is unfortunately still widely prevalent in the Bombay Presidency, and is specially severe in the southern districts and States. Karachi remains an infected port and plague prevails also at Hyderabad in Sind. The disease is widespread and severe in both the Mysore and Hyderabad States. It is endemic in the Salem District of the Madras Presidency, and imported cases have recently occurred in other districts. Calcutta became re-infected in the latter part of July last, and a recrudescence has lately been reported from the district of Saran in Behar. The Nagpur City and District in the Central Provinces are infected and plague has re-appeared in the Hoshiarpur District of the Punjab.

The alarm experienced by European Governments, including Turkey, regarding the danger of plague being imported to Europe is in no measure abated, and during the past season Indian pilgrims were again subject to much vexatious restriction and consequent hardship. The Government of India do not think it necessary to prohibit the pilgrimage from the uninfected portions of India during the coming season, but they consider it essential that careful precautions should be observed similar to those which were enforced during the past season.

The Governor General in Council is pleased to cancel the order contained in the notification of the Government of India in the Home Department, No. 4341, dated the 10th November 1898.

The Governor General in Council is further pleased to direct that, until further orders, no person resident permanently or temporarily in the Presidency of Bombay including Sind, the Presidency of Madras, the Mysore and Hyderabad States, Coorg, Calcutta and the Saran District of Behar, the Nagpur Division of the Central Provinces and the Hoshiarpur District of the Punjab shall be permitted to embark from any port in India with the object of making a pilgrimage to Mecca.

The Governor General in Council is further pleased to direct as follows :—

(1) That no person shall be permitted to embark with the object of making a pilgrimage to Mecca, except at the port of Chittagong in the Lower Provinces of Bengal, and unless and until such person has been kept under observation in a place appointed for the purpose until such time as the Medical Officer in charge shall be satisfied that all risk of such person conveying the infection of plague has been completely abated, and unless such person is conveyed from the place of observation to the place of embarkation under the charge of an officer appointed for the purpose.

(2) That no passage tickets for the Hedjaz shall be sold, except at the places appointed for the detention of intending pilgrims under observation.

The Government of India think it necessary to repeat the warning given last year that, although they have decided that the pilgrimage to the Hedjaz may be permitted subject to the safeguards enumerated above, they are nevertheless convinced that intending pilgrims will be well advised in deferring their purpose until another season, in view specially of the stringent quarantine rules imposed by the Turkish Government and the inconvenience and harassment to which it is likely they will be subjected on arriving in Arabia.

IN order that persons who adhere to the intention of performing the pilgrimage to the Hedjaz during the coming season, notwithstanding the advice which is given to them to defer it, may suffer as little delay and inconvenience as possible, the Lieutenant-Governor has instituted inquiries to ascertain the dates on which pilgrim ships are likely to sail from the port of Chittagong. When these dates are known they will be communicated to the public. Intending pilgrims will thus be able to time the date of their arrival at the observation camp, which has been established at Abdullapur near the Jagadhri station on the North-Western Railway, so as to pass the required period of ten days there before the date on which they should leave for Chittagong in order to catch the steamer in which they intend to proceed to the Hedjaz.

Punjab Government Notifications and Orders.

FOREIGN DEPARTMENT.

NATIVE STATES.

The 5th December 1899.

No. 1028.—*Notification.*—The following ceremonial observed at Sangrúr on the occasion of the investiture of His Highness Rája Ranbír Singh of Jínd with full powers on the 10th November 1899 is published for general information:—

On Friday, the 10th November 1899, at 1. P.M., the Hon'ble the Lieutenant-Governor of the Punjab and its Dependencies held a public Darbár at Sangrúr for the purpose of formally investing His Highness Rája Ranbír Singh with full powers of administration.

The Darbár was attended by the Civil and Military Officers of Government present at Jínd and by the other guests and officials of the Jínd State. All persons were requested to be in their places by 12 45 A. M.

The entrance to the Darbár Hall was lined by troops, and a Guard of Honor with Band was drawn up outside the Palace.

A deputation consisting of four officials of the State waited on the Lieutenant-Governor at his residence at 12-50 precisely for the purpose of conducting His Honor to the Darbár Hall. His Honor was escorted by his personal staff and the Chief Secretary to the Government of the Punjab.

The Rája, accompanied by the Political Officer, met the Lieutenant-Governor half-way, and accompanied His Honor to the Darbár Hall.

On the arrival of His Honor at the Hall, the troops presented arms, the first part of the National Anthem was played, and a salute of 15 guns was fired. The Rája conducted His Honor to his seat in the Darbár Hall, and all present rose.

On the right of the Lieutenant-Governor were seated the Rája of Jínd, the Political Officer, the Nawáb of Loháru, who was present as a private guest, and the officials and Sardárs of the State in the order of their precedence. On the left of the Lieutenant-Governor sat the Chief Secretary to the Punjab Government and the other officers in attendance on His Honor.

Behind the seats first occupied by the Lieutenant-Governor and the Rája there was a raised dias on which were placed two chairs of State, one of which represented a *Masnad*. When all were seated, the Lieutenant-Governor addressed the Rája of Jínd as follows, and a translation of the address in Urdu was read by the Chief Secretary to the Punjab Government :—

RAJA SAHIB, PRESIDENT AND MEMBERS OF THE JIND COUNCIL OF REGENCY, CHIEFS SARDARS AND GENTLEMEN,—

The history and traditions of the Jínd State are well known to all present here to-day. They exhibit from first to last one marked characteristic; that of attachment and loyalty to the British Government. Rája Bhág Singh, brother of the present Rája's great-great-great-grandfather, was the first of all the Cis-Sutlej Chiefs to seek an alliance with that Government in 1803; and General Lord Lake spoke of him as a friend and ally. He joined the British forces in the war with the Maharáttas and was employed as an envoy to his nephew, the Mahárája Ranjít Singh, to induce him to refrain from aiding the Mahárája Holkar, which he succeeded in doing. At a later period the House of Jínd again showed its adherence to British interests, when Rája Sarúp Singh, the present Rája's great-grandfather, placed all the resources of his State at the disposal of the Government, and himself assumed command of his forces and took the field in the mutiny of 1857. Since that time on several occasions the Jínd State has given conspicuous proof that the old spirit of loyalty to the British Government is as strong as ever, and the present Rája as well as his grandfather, Rája Raghbír Singh, proffered the State troops for service on the North-West Frontier, and the offer was accepted.

Under these circumstances it will be readily understood that the British Government views the Jínd State with special regard, and is deeply solicitous for its welfare. The action of the Punjab Government during the past 12 years bears ample testimony to this fact. On the death of Rája Raghbír Singh in March 1887, a Chief who for 23 years had ably and wisely administered his State, a Council of Regency, in accordance with the provisions of the Paper of Requests, was appointed to carry on the administration during the minority of the present Rája. Sir Charles Aitchison, then Lieutenant-Governor, gave the closest personal attention to this matter, and, in consultation with the Rája of Nabha and the Patiála Council, appointed General Rattan Singh, Munshi Har Sarúp and Khalífa Rahím Bakhsh as the fittest among the old and trusty and most capable Ministers of the State to discharge this high duty. I quote some remarks from the resolution embodying this decision :—

" Sir Charles Aitchison earnestly hopes that the administration of Jínd will be conducted by this Council with loyalty and ability, and that the other Ministers and officials of the State will work together under their orders for the good of the young Rája and the welfare of his subjects. The responsibility entrusted to the Council is grave; the task committed to them will need all their energies. The late Rája personally supervised all the

details of his administration, and the Council should not allow any relaxation in this supervision. Schemes for developing the resources of the State, the extension of railways and canal irrigation have been engaging the attention of the late Rája; these should be carefully fostered and carried to completion; the Council must bear in mind that the British Government looks to them to protect faithfully the interests of their young master and to promote the happiness of his subjects by a just and kind rule. They must prefer these objects to self-interest, and give no cause for the introduction into the Counsels of the State of party-spirit or disunion. By such a course they will maintain the dignity of the State to which the loyal services of the late Rája so largely contributed and which the British Government, bearing in mind those services, is determined to uphold.

"The personal health and training of the young Rája should be their first care; and on this subject the Lieutenant-Governor will be glad to receive a report of the measures they may deem necessary. They should also render to Government an account of the financial condition of the State at the time of the late Rája's death and of the measures taken to secure continuity in the administration from that date up to their investiture with administrative power. They should keep a full record of their proceedings during their tenure, so that they may be able to render an account of their stewardship. With these remarks the Lieutenant-Governor entrusts the welfare of the State to their hands."

The installation of the youthful Rája, then about 7 years of age, took place at Jínd a year later, the ceremony being performed by Mr. (afterwards Sir James) Lyall, who had succeeded Sir Charles Aitchison as Lieutenant-Governor, from whose speech on the occasion I quote the following remarks. Addressing the Council of Regency, he said :—

"The trust committed to you is no light one; but you start fair with well-ordered establishments and a good balance in the Treasury, and if by the mercy of God the country is spared from great calamities of seasons you ought to encounter no difficulties which you cannot easily overcome. You will have in your keeping for a long period the prosperity and contentment of the people; and on your uprightness ability and industry will depend the continuance of that contentment, and the material progress of the State. In this connection, as time goes on, you will doubtless find much to occupy your thoughts, whether as regards canal and railway extensions, or the development of trade by increased means of ordinary communications, and I feel sure that you will, when necessary, freely apply for, and accept, the friendly advice which the British Government is always ready to afford.

"Above all I would urge upon you the paramount necessity of conducting the administration with a single eye to the welfare of the State. Where party-spirit is rife, or self-interest dominant good administration is impossible. It, therefore, behoves you to set a good example to the officials under your control, patiently and impartially to investigate all complaints, and to see that neither fear nor favour prevents the rendering of due justice, and the redress of real grievances. The care of your young Rája is also a subject which you must always have in mind. At present the tender age of the Chief does not require that much immediate consideration should be given to his education. and as regards his physical health, you have already wisely procured the services of an English Medical Officer to take charge of him, but at no distant date you will have carefully to attend to his moral and intellectual training, and to see that he becomes gradually fitted to assume the government of the State. When that time comes, if the Council of Regency shall have acted on the advice now given, they will resign their trust to their Rája with the knowledge that they have done their duty to him and have earned the gratitude of the people they have governed, the esteem of all enlightened and patriotic observers, and the high praise and commendation of the Imperial Government."

From the extracts which I have read it will be seen that besides the administration of the State, the training and education of the young Rája were placed in the hands of the Council of Regency. I think I may say that the first of these trusts has been discharged by them according to their ability, with faithfulness and discretion. They have been faithful to the traditions of the State, and they have been discreet in their relations to each other and in their general management. With one exception, into the particulars of which I need not enter, no serious complaint has reached the ears of Government in regard to their proceedings, and they have largely contributed to the development of the State's resources, by providing funds for the extension of canals and the construction of a railway, the first sod of which is to be turned this day. They hand over their powers to the rightful recipient with honor and credit, and neither the State nor the British Government will be unmindful of the services they have rendered.

The training and education of the Rája was the second great trust committed to the Council of Regency. Up to the year 1893 the Darbár arranged for a British Officer to be placed in medical charge, and Surgeons-Major Doyle and Nicholson were successively deputed by the British Government for this purpose, the Rája's education being entrusted to Lála Ragho Náth Dás. In that year Surgeon-Major Nicholson undertook the duties of

Tutor in addition to those of Medical Officer, and he was succeeded in 1896 by Mr. Clark who held the office for about a year and-a-half. These gentlemen discharged their duties under the orders of the Council. In 1897 a change was made in this respect, and Captain Bradshaw was appointed Tutor and Governor to the Ràja under the direct supervision and control of the Punjab Government. Captain Bradshaw was succeeded last November by Mr. Irvine who has continued in the post up to the present time. To these officers I desire to accord my public acknowledgments for the excellent work they have done, and for the influence they have exercised on the Rája.

I wish to say a few words in regard to the above-mentioned change which was made after very full consideration, and with the cordial approval of the Government of India. The British Government stands in the position of guardian to every minor Chief when deprived of his natural guardian. This position has not always hitherto been asserted in the Punjab, but it is one which rests on the relations between Native States and the Paramount Power, and is in accordance with, and not contrary to, the existing sanads from time to time granted to the former by the latter, and, in the case of the Phulkián States, those provisions of the Paper of Requests which were accepted by Lord Canning. Those provisions are as sacred to the British Government as they are to the States concerned, and in regard to the matters with which they deal, the British Government will be careful to adhere to them. But it has never agreed and never can agree to forego the sacred trust imposed upon it by Providence of regulating the training of a minor Chief, where this becomes necessary, with a view to qualify him for the administration of his State.

And it is in pursuance of the same principle, namely, the responsibility of the Paramount Power for the general welfare of the dependant Native States, that the Governor-General in Council has approved of the proposal of the Punjab Government to impose, for such time as may be necessary, a limitation on the powers which I am this day authorised to confer upon Rája Ranbír Singh. It is because it heartily desires the maintenance of the rights and privileges of the Jínd State, as well as because it regards with parental solicitude the welfare of the Ruler and the people that the British Government hesitates to commit full powers unreservedly to one so inexperienced, and who until quite recently was a mere child in his tastes and interests. The Rája will be invested with the powers of a Ruling Chief of the House of Jínd, but will for a time be required in exercising them to follow the advice of a British officer through whom the Government will for such time carry on its political relations with the State. Mr. Irvine who has shown his fitness for the post during the past year will be the officer appointed, and I have every hope that with his assistance the Rája will make a good start.

And now Rája, it only remains for me to wish you Godspeed in the task that lies before you. I have mentioned the conspicuous services of the House of Jínd to the British Crown, and I feel confident that in loyalty to Her Majesty the Queen-Empress you will not fall short of your illustrious predecessors. You have also shown by the manner in which you have comported yourself towards the officers of Government who have been appointed to prepare you in qualifying for your high position, that you are disposed to yield to good influences; and I believe you will be wise enough to accept the help which the Government has provided for you at the commencement of your rule. I need hardly say that during the remainder of my tenure of office I shall watch your progress and the development of your capacity as a Ruler with the greatest interest, and shall pray that every blessing may rest upon you. Remember that the State over which you have been destined to rule is a sacred trust which you must discharge, not for your personal advantage or pleasure, but for the good of your people and their true happiness. If you do this, you will merit the approval of the British Government, and will secure what is even more important for your own happiness, the affection of your people.

TARJAMÁ TAQRÍR JANÁB NAWÁB LIEUTENANT-GOVERNOR BAHÁDUR, PUNJÁB, WAGHAIRÁ, JO 10 NOVEMBER 1899 KO BAMAQÁM-I-JÍND ATÁ-I-IKHTIÁRÁT KÉ WAQT PARHÍ GAÍ.

Jab woh waqt áwegá to agar Regency Council Riyásat ne us nasíhat par amal kiyá jo unko ab dí gaí hai to hukúmat Rájá Sáhib ko sapurd karte waqt yeh amr záhir hoga ki unhon ne Rájá Sáhib ke faráiz ko adá kiyá aur Riáyá kí khushnúdí hásil kí, aur tamám un ashkhás kí tahsín hásil kí jo hubb-ul-watní kí qadr karte hain, aur saltanat álíyá Government kí áfrín aur khushnúdí se sarfaráz hue."

Intikhábát mundarja-bálá se jo hamne sunáé hain yih záhir hogá ki aláwa intizám-i-Riyásat ke nau-umr Rájá Sáhib kí t'alím aur tarbiyat bhí Council ke háth men dí gaí thí. Hamára yih khiyál hai ke kám awal-uz-zíkr yani intizám-i-Riyásat jo unke sapurd kíya giá thá us ko unhon ne hat-al-wasa ímándárí aur tamíz ke sáth anjám díyá, aur Riyásat kí rasúmát ke mutábiq kárband rahe aur apne taalluqát báhamí aur intizám-i-ám men aqalmandí se kám karte rahe. Baistisná ek amr ke jiskí bahs karne kí zurúrat malúm nahín hotí, koi sangín shikáyat mutullaq kárrawái Riyásat Government ke gosh guzár nahín huí; aur Council ne zaráya amadani Riyásat ko khair kháhí se madd-i-nazar rakhkhá; anhár bhí unhon ne barháín aur Railway ke wáste rupai baham pahuncháne men yahán tak kámyáb hue ki áj ek Railway kí kár khúdai kí rasm iftitáhí adá kí jáwe gí jiské kharch ká ziáda hissa Riyásat háza ne adá kíyá.

Rájá Sáhib kí ta'lím aur tarbíyat ek dúsrá aham farz Council ke zimme thá. Sán 1893 tak Darbár ne ek afsar-i-Angrezí ko bataur afsar-tibbí ke rakhne ká intizám kiyá aur Surgeon-Major Doyle aur Surgeon-Major Nicholson ek dúsre ke bád Government Angrezí ne is gharaz ke wáste muqarrar farmáe. Sál mazkurá bálá men Surgeon-Major Nicholson nen áláwa afsar-tibbí hone ke kám t'alím bhí apne zimme líyá aur unke b'ad Mr. Clark sál 1896 men ta-inát hue jo taqríban dehr sál is kám par muqarrar rahe. Yeh sáhibán apne faráiz zer ahkám Council anjám dete rahe. Sál 1897 men is intizám men tabdílí kí gaí aur Captain Bradshaw Sáhib mu'allim aur muhtamim Rájá Sáhib ke baráh-i-rást zer-hukm Punjab Government muqarrar kíe gae. November sál sábiq men bajáe Captain Bradshaw Sáhib ke Mr. Irvine Sáhib muqarrar hue jo ab tak yih kám karte hain. In afsaron ne jo umda khidmát anjám dín aur Rájá Sáhib ko akhláq-i-hamída kí taraf tawajjuh diláí us kí bábat ham tahsín sarkárí taur par záhir karte hain.

Ab ham mutazakkira bálá taghayyur kí nisbat chand alfáz kehná cháhte hain, yeh taghayyur bád kámil ghaur aur Government 'álíyá Hind kí púrí manzúrí ke sáth huá hai. Jis nábáligh Raís ká qudratí sarparast na rahe us kí sarparastí Government par lázimí ho játí hai. I feel highly sensible of the dignity which Your Honor has conferred on me to-day.

On this occasion of my investiture with full powers of administration I wish to thank the three members of the Council of Regency and my officials who have assisted me in upholding the system of Government instituted by my honored and illustrious grandfather. I look to them for loyal aid in the future.

I wish to take this opportunity of thanking the British officers appointed by Government to assist me during my minority and my troops which showed their loyalty to the Queen-Empress and their bravery worthy of the Sikh nation in the Tirah Campaign.

I trust that the new Railway, of which Your Honor will cut the first sod to-day, will be the means of helping my poorest subjects through this time of famine.

Your Honor, I wish to assure you of my loyalty and to assure my people that I will be their ruler to whom they may look not only for justice, but also for help in time of need.

Correspondence affecting the actual conduct in Court of pending suits, appeals and proceedings may, when necessary, be conducted direct with the Officer or Practitioner so conducting the case in Court, who will supply the Legal Remembrancer with all such information, in regard thereto, as that officer may deem necessary to enable him to exercise proper supervision over the conduct of the case or for statistical and other purposes.

(2). Whenever the Legal Remembrancer records an opinion, which if accepted and acted upon by Government would involve an appearance by the Government Advocate before the Chief Court, he will, as a matter of course, pass it on unofficially to the Government Advocate, in order that the latter may note whether he concurs to such extent as is necessary to enable him to argue the case on the lines indicated.

Differences of opinion between Law Officers.

(3).† The Government Advocate will receive notices issued under Section 422 of the Code of Criminal Procedure of all appeals from sentences of death, transportation for life, or transportation or imprisonment for a term of not less than ten years. Upon receipt of every such notice he will, if he has not already received a recommendation from the Commissioner that the Crown should be represented, and time permits, ascertain from the Commissioner whether he so recommends. If no such recommendation has been received and there is not sufficient time to refer to the Commissioner, the Government Advocate will inspect the file in order to satisfy himself as to whether or not the Crown ought, in his opinion, to be represented. It will rest with the Government Advocate to determine (upon the recommendation of or after reference to the Commissioner, or otherwise) whether the Crown should or should not be represented in any such case, and if it is to be so represented, to arrange accordingly:

(b) in other cases, he will ordinarily employ local legal practitioners (and usually, but not necessarily, the Government Pleader, if his services are available) to conduct the proceedings on behalf of the Government, under his general supervision.

Legal Remembrancer may himself conduct proceedings in certain cases, and

(4). The Legal Remembranncer may, if he thinks fit, himself conduct the Government case in any civil suit, appeal or proceeding in any Court subordinate to the Chief Court, and in that Court also when the Government Advocate is, from any cause, unable to appear in person or is not prepared fully to support the brief for the Government, or when the Government may, in any case, so direct.

The full fee or any part thereof may be withheld if the case has not, in the opinion of the controlling authority, been properly conducted.

(2). The Legal Remembrancer is not entitled to fees.

(3). The ordinary fee payable to the Government Advocate and to the Assistant Legal Remembrancer in civil cases conducted throughout by either officer in any Court at Lahore is a percentage on the value of the claim : 5 per cent. on claims of Rs. 5,000 or less, 2 per cent. on claims above Rs. 5,000 and below Rs. 20,000, 1 per cent. on claims above Rs. 20,000 and below Rs. 50,000, and 8 annas per cent. on claims above Rs. 50,000. (8). The orders of the authority which administratively superintends the conduct of the litigation concerned (*i.e.*, of the Financial Commissioner or the Imperial Department) will be taken in any case not provided for in clause (7) in which the ordinary scale, prescribed in clauses (1) to (5), is manifestly inadequate.

When a vacancy occurs among the elected members of the District Board by the death, resignation or removal of a member within a year of the date when his period of office would expire, the Commissioner may apply to the Local Government for a direction under Section 15 (1) of Act XX of 1883 that the vacancy shall be left unfilled.

(*c*). When a vacancy occurs among the elected members of the District Board by the death, resignation or removal of a member whose term of office has more than one year to run, an election shall be held to fill that vacancy.

11. (*a*). Candidates for election shall be proposed by qualified voters, not less than ten in number, who shall intimate their proposals to the Deputy Commissioner by letter addressed to him and signed by them. Such letter shall certify that the candidate is duly qualified and is prepared, if elected, to serve on the Board.

(*b*). If before an election is held an objection is taken to a candidate on the ground that he is inelligible under Rule 3 or 6, the decision of the Deputy Commissioner thereon, allowing or disallowing the candidature, shall be final.

Provided that if the objection is taken under clause (*b*) or clause (*d*) of Rule 6, the Deputy Commissioner may permit the candidature to proceed, and shall through the usual channel obtain under the said clause (*b*) the orders of the Local Government as to any exemption from the restriction thereby imposed, or under the said clause (*d*) ascertain the opinion of the Local Government as to the effect of the alleged defect of character, and shall under Rule 19, clause (*f*), annul the election of any elected candidate disqualified by the decision of Government thus elicited. Lists of voters.

13. (*a*). Lists shall be prepared by the Tahsíldárs on or before the 1st December in each year in which a general election is to be held showing for each village the number and names of all persons who are qualified voters under these rules and the amount of land revenue and local rate paid by them.

(*b*). As soon as the list of voters is prepared, copies of the list for each village shall be published in that village, and for each electoral circle at the place fixed for holding the election for the circle.

Limitation of time for objections and their disposal.

14. (*a*). No objection to the entries in the list and no application to be entered in the list of voters shall be entertained unless it is preferred in writing within one month of the annual publication of the list. (*b*). No objection shall be allowed to the vote of any registered elector except on the ground of personation, and such an objection must be made by one of the candidates, his agent, or any registered elector, or by the presiding officer himself at the time the vote is tendered.

(*c*). The presiding officer shall record in writing the nature of the objection, the reply of the voter, and the final order and reasons. The order shall be final as regards the acceptance or non-acceptance of the vote tendered.

(*d*). If the presiding officer cannot dispose of the objection before the time fixed for the closing of the poll, and if the acceptance or non-acceptance of the vote affects the result of the election, this result shall not be announced until the objection has been decided.

(*f*). At the close of the enquiry the Deputy Commissioner shall pass orders confirming or annulling the election and directing what portion of the costs, the amount of which shall be duly stated in the order, shall be borne by the objector.

(*g*). An appeal from any order passed under this rule (other than order passed also under Rule 11, clause (*b*)) shall lie to the Commissioner, whose decison thereon shall be final.

Municipal Committee, have been confirmed by the Hon'ble the Lieutenant-Governor under Section 146 (1) of the Act, and are published for general information, in supersession of all previous bye-laws on the subject, which are hereby repealed.

These Bye-laws will come into force six weeks from the date of the publication of this notification.

BYE-LAWS.

I.—Refunds of octroi on re-exported goods will be authorized on presentation of the original receipt for octroi dues paid at the time of importation subject to the conditions prescribed in the subsequent bye-laws, but such authorization shall not be withheld solely on the ground that the holder of the original receipt is not the person or firm to whom such receipt was granted in the first instance.

II.—Where the articles are taxable *ad valorem* on import the amount payable by way of refund will be calculated on the tariff value of the class to which the articles belong on which the octroi dues were assessed at the time of realization without regard to alleged changes and fluctuations of value in the interim.

III.—Forms of applications according to the subjoined pattern form (A) will be supplied gratis to intending exporters at the Municipal Office on production of the original receipt for octroi duty paid on the consignment which it is proposed to re-export in whole or in part.

Proviso (*A*).—Provided that no refund shall be made except upon such evidence being furnished as may be duly required to establish the identity of the goods as having belonged to the consignment specified in the receipt for octroi paid which is produced in support of the application.

Proviso (*B*).—And further that no refund shall be authorized in respect of any goods on which octroi duty appears to have been paid more than one year before the date on which the application is presented at the Municipal Office.

IV.—The intending exporter will fill up or have filled up the details specified in the application form (A) prescribed in Bye-law III which is in three parts.

One part of the application will be retained in the Municipal Office, the remaining two parts (hereinafter called the duplicate and triplicate passes respectively) being made over to the applicant or his agent in charge of the goods.

Such applications will be received at the Municipal Office daily with the exception of Sundays and general holidays between the hours of 10 A.M. and 1 P.M. respectively, and may be left with the Superintendent of Octroi or with the clerk in charge of the office to be laid in due course before the President or Vice-President of the Committee.

V.—Both the exporter's parts of the application will be returned to him duly endorsed by the President or Vice-President of the Municipal Committee, and both will be produced along with the goods covered by the duplicate pass of the octroi station past which the goods are actually taken out (hereinafter called the station of exit) and at the time of actual exportation of the goods in question.

VI.—The octroi subordinate in charge of the station of exit will satisfy himself that the goods produced as being covered by the duplicate pass correspond with the entries in the pass presented with them.

If the goods are being exported otherwise than by rail, and if the consignment appears to be duly covered by the pass, he will retain the duplicate pass and return the triplicate pass to the exporter or his agent after due endorsement of the particulars specified in the form subjoined ; otherwise he will retain both the duplicate and triplicate passes, and will report the circumstances forthwith for the order of his immediate superior : in either case he shall allow the consignment to proceed.

VII —If the goods are for export by rail the octroi subordinate in charge of the station of exit will retain the triplicate pass pending production of a Railway receipt for the goods covered by the pass. Upon production of the Railway receipt, if after due enquiry the said octroi subordinate is satisfied that the goods produced are covered by the pass and also by the Railway receipt in question, he will then endorse on the duplicate and triplicate passes respectively the number and date of the Railway receipt and will return the triplicate copy to the person in charge of the goods, but he will retain the duplicate pass subject to disposal in the prescribed course of Municipal business.

VIII.—The triplicate pass duly endorsed as provided by Bye-law VI or Bye-law VII respectively will be presented by the person seeking a refund of octroi on the consignment covered by the pass in question, and if after due check the President or Vice-President, as the case may be, of the Municipal Committee is satisfied that the refund of octroi covered by such pass is duly payable, he shall forthwith cause a cheque for the amount found to be payable by way of refund to be made out and delivered to the person presenting the

triplicate pass, but if the President or Vice-President, as the case may be, sees cause to refuse payment of any sum claimed in respect of such triplicate pass he shall refer the case to the Municipal Committee at its next meeting.

Provided that no refund shall be made contrary to the provisions of the Bye-law No. IX next following.

IX.—No refund will be made in the case of any claim presented at the Municipal Office after the lapse of more than thirty days from the date of re-exportation as noted on the triplicate pass by the responsible octroi subordinate.

X.—No refund shall be granted of an amount less than Re. 1.

XI.—The whole of the bye-laws above contained (that is from I to X as numbered) shall apply so far as the circumstances admit to the case of animals re-exported beyond municipal limits for sale as live stock.

CIVIL RULES.

BUDGET ESTIMATE AND SANCTION.

Proposals for Budget Estimate.

XXXV.—(1) Members of the District Board are invited to send in writing any proposals they may desire to make for works to be undertaken, or establishments to be entertained, during the coming year, to the Secretary to the Board not later than 1st September. A preliminary meeting to discuss these and other proposals for works or establishments shall be held at some convenient time, to enable the Finance Committee to prepare its estimate.

Preparation of Budget Estimate.

(2) A Budget Estimate in Form A, showing the probable receipts and expenditure of the District Board during the ensuing financial year, shall be prepared by the Finance Committee, and laid before the Board at a meeting to be held not later than 30th September.

(3) In preparing the Budget Estimate attention shall be given to the following points :—

(*a*) The estimate will set forth the entire receipts and expenditure, including Public Works, anticipated during the year under the prescribed heads, and it will be accompanied by schedules containing full details of the estimated receipts and expenditure, working up to the total shown in the Budget Estimate. Schedules containing details regarding Public Works expenditure are prescribed in the section relating to that head.

(*b*) For fixed charges the detailed estimates will show the full amount of the sanctioned scale. When it is found by experience that a saving will arise from any cause, a lump deduction may be made from the total estimated under the major head.

Submission of Budget Estimate to Accountant-General.

(4) The Budget Estimate, accompanied by the schedules, shall be forwarded to the Accountant-General for check not later than the 5th October. The Accountant-General after check shall forward the Budget Estimate to the Deputy Commissioner by the 20th October. After final approval the Budget Estimate should be returned to the Accountant-General not later than the 15th November.

Communication of Budget Estimate to Local Boards.

(5) Each District Board shall forward to each Local Board an extract of so much of the sanctioned Budget as shall be necessary to convey to the Local Board full information of the works, services, &c., to be executed or maintained by the Local Board, subject to the authority of the District Board.

Budget provision for expenditure.

(6) No expenditure shall be incurred unless it has been duly sanctioned by the District Board, or by the Chairman, or other competent authority, and unless provision has been made for it in the Budget Estimate for the year, or a re-appropriation of funds is made to meet it.

Re-appropriation of grants.

(7) When, with the previous sanction of the Deputy Commissioner, a re-appropriation of funds is made for expenditure which is not provided for in the sanctioned Budget, such re-appropriation shall be reported to the Accountant-General or to the Examiner, Public Works Accounts, or to both, as the case may be. When a re-appropriation affects only

the Budget Estimate of charges other than those of Public Works audited by the Examiner, it shall be reported to the Accountant-General only, and when it affects only the estimate of Public Works charges audited by the Examiner, it shall be communicated to the Examiner only. When both Civil and Public Works Departments are affected by the re-appropriation, it shall be reported to both officers.

(2) The pass-book will be supplied by the Treasury. It is not a District Fund account book, but is simply a copy of the account kept in the treasury of the moneys paid in to the credit of, and disbursed on account of, the District Board, and must therefore always be written up only by the Government Treasury Department by whom the original account is kept.

Entries in pass-book.

(3) All moneys remitted to the Treasury to credit of the District Board, and all payments made by the Treasury on cheques on account of the District Board, shall be entered in the pass-book. Similarly all amounts credited, and all expenditure debited, to the District Board by book adjustment, of which intimation shall be given by the Accountant-General, shall be entered in the pass-book. The pass-book shall remain in the custody of the Chairman, and shall be sent to the Treasury along with the *chaláns* in the case of money remitted to the Treasury. On receipt of the pass-book by the Treasury officials the receipts and payments up to date shall be entered therein, and at the end of each month the account shall be balanced and signed by the Treasury Officer, the amount being entered in words as well as figures. The book shall then be returned to the office of the District Board. No entries or marks shall, under any circumstances, be made in the pass-book by any one connected with the District Board's office.

Provincial grants.

(4) When a grant is made to the District Fund from Provincial revenues, either as a general grant-in-aid or for expenditure on any specific object, the Accountant-General shall, in the first case, before the close of the year, or, in the second case, on receipt of orders, instruct the Treasury Officer to credit the amount of the grant to the District Fund. The credit shall be made by book transfer; no bill or cheque shall be drawn, and no money shall be paid out of the Treasury. The amount will be entered in the pass-book.

Discrepancies.

(5) The Chairman shall examine the pass-book from time to time, and shall immediately call the attention of the Treasury Officer to any discrepancy that may appear between the credits and debits shown in the pass-book and those shown in the accounts of the District Board's office.

The receipts in Form C will bear printed numbers in a consecutive series, and the number of each receipt should be entered in the column provided in the Register of Receipts. To ensure accuracy persons tendering money for receipt shall be required to prepare a memo. giving particulars of the amount tendered for acceptance and credit to the Fund.

Money received to be properly accounted for.

(2) The District Board are responsible for making such arrangements as to secure—

(*a*) that no amount is ever received without being acknowledged by a receipt in the foil and counterfoil form ;

(*b*) that the counterfoil form is correctly filled up in each case ;

(*c*) that all the counterfoils without reservation are sent on to the Accountant-General with the monthly accounts ; and

(*d*) that each item of receipt is duly brought to credit in the accounts on the day of receipt without being appropriated towards expenditure.

Register of Receipts.

(3) The entries in the Register of Receipts shall be made from—

(*a*) the receipts (Form C) of money paid into the District Board's office ;

(*b*) the intimations, regarding book adjustments, received from time to time from the Accountant-General ;

(*c*) a statement which will be sent by the Deputy Commissioner to the Chairman of the Board on the last working day of each month, showing the amount of the local rate carried to the credit of the District Fund under Section 35 (*b*) of Act XX of 1883 ; and

(*d*) a statement sent by the Treasury Officer on the last working day of each month showing the amount of grants given by Government and of receipt items reported from tahsils.

At the close of the day daily totals shall be made under each of the major heads and the grand total carried into the cash-book.

NOTE.—In order that any transactions originating at tahsíls may be incorporated at the Sadar in the Board's accounts of the month to which the transactions relate, and to prevent differences between the accounts of the Board and Treasury, it should be arranged with the Board's officials at tahsíls to follow the date of closing of the sub-treasury accounts and to close the Board's account at tahsíls for the month on that date : later transactions occurring before the actual close of the month should be recorded and treated as belonging to the following month.

PAYMENTS.

XXXVIII.—(1) All payments from the District Fund will be entered in the Register of Payments in Form E. They shall, except in the case of book adjustments made in the office of the Accountant-General, or in the office of the Examiner, Public Works Accounts, be disbursed and vouched for in the manner following :—

Payments of claims.

(*a*) All expenditure shall be drawn on forms of bills prescribed in the Civil Account Code for salary, establishment, travelling allowance, contingencies, deposits, refunds, &c. The only exception to this will be bills of contractors, vendors, &c., which, however, must be presented prepared in English.

(*b*) All claims of contractors, vendors, &c., for sums over Rs. 50 in amount shall be paid by cheques drawn upon the Treasury.

(*c*) Petty payments of Rs. 50 and under may be disbursed from an imprest to be held by the Chairman.

NOTE.—The Chairman may allot so much of his imprest as may be necessary to officers in charge of works, whether the works are under the audit of the Accountant-General or of the Examiner, Public Works Accounts.

(2) Every bill or other claim for payment from the District Fund shall be presented in the first instance to the Accountant, who shall check and examine it, and, if it be found correct and in order, shall submit it for orders to the Chairman. If the payment of the bill so presented is to be made, an order for the payment shall be endorsed upon it. Payment orders shall always exhibit clearly in words as well as in figures the actual amount passed for payment, and care must be taken not to leave space for fraudulent alteration before or after either entry. The form for a payment order shall be "Pay Rs. only" or "Pay Rs. annas ," &c., the written amount filling the whole space between the words "Rs." and "only" or "annas."

Payment by cheque.

(3) If payment is to be made by cheque the Chairman shall cause the bill to be endorsed with the words "Paid by cheque No. ," and shall then cause the cheque to be drawn out, signed and issued and sign the endorsement.

Receipts to be stamped.

(4) Every payment shall be covered by a receipt stamped, if necessary, with a one-anna receipt stamp, and signed by the person who presents the claim, to whom the money is due and to whom it is actually paid.

Numbering and storing of vouchers.

(5) All vouchers shall be numbered in a consecutive monthly series and stored carefully with their sub vouchers for transmission to the Accountant-General with the monthly accounts.

Register of Payments.

(6) The entries in the Register of Payments shall be made day by day direct from the paid bills themselves as soon as a cheque for the amount of a bill has issued. Daily totals shall be made at the close of the day under each major head and the grand total carried to the cash-book.

NOTE.—The debits intimated by the Accountant-General of expenditure adjusted against the Fund by book transfer in his office as well as in the office of the Examiner, Public Works Accounts, shall also be entered in the Register of Payments from time to time as intimations are received.

Cheques.

(7) Money may be drawn from the Treasury only by means of cheques in Form F. Cheques must be signed by the Chairman or Vice-Chairman of the District Board, and this duty cannot be delegated. On a change of drawing officers taking place the Treasury Officer shall be informed and furnished with a specimen of the new officer's signature. All cheques shall be current for three complete calendar months, *plus* any odd days in the month of issue. After the expiration of that period payment shall be refused at the Treasury, and the person in whose favour the cheque was drawn will, therefore, have to bring it back to be re-dated. No fresh cheque will be issued; the lapsed cheque will simply be re-dated and the alteration initialled by the Chairman or Vice-Chairman of the Board. A note of the fact of re-dating shall be entered in the Register of Payments against the original transaction as also on the counterfoil of the cheque and in the Register of Cheques. The alteration will in no way affect the accounts, and no further entries shall be made.

Cheque books.

(8) Cheque books shall bear printed numbers of the books in addition to the numbers of the cheques, and each book shall consist of 50 cheques. They will be kept in the Treasury in the personal charge of the Treasury Officer and supplied free to District Boards on the written application of the Chairman. On receipt, the Chairman, after carefully counting the number of cheques,

shall note on the upper face of the first counterfoil, under his initials and date, the number of cheques actually found in each book, and keep them in his personal custody under lock and key. On beginning to draw cheques he shall advise the Treasury Officer of the number of the cheque book brought into use.

Method of drawing cheques.

(9) Cheques drawn in favour of a Government or a District Board officer must be made payable to order. Cheques drawn in favour of any other person must be made payable to bearer.

(10) The amount of the cheque shall be written in words in the counterfoil as well as in the cheque itself, and the word "only" shall always be inserted after the amount written in words in the body of the cheque. No cheque shall be issued for less than Rs. 10, nor shall a cheque be signed unless required for immediate delivery to the person claiming the amount.

NOTE.—(1) The practice of signing and retaining signed cheques in an office should not be allowed under any circumstances. Every cheque signed shall be drawn in favour of the person to whom it is designed that the money for which the cheque is drawn should be actually paid, and no cheque shall be drawn in favour of one person with a view to his paying the amount to some one else. The sole exception permitted to this rule is in the case of a cheque issued for a sum of money distributable as pay or wages among a number of employés. In this case the cheque shall be drawn in favour of the Chairman or officer charged with the execution of the work, as the case may be, and the officer named may endorse it to a named individual, by whom the proposed distribution is to be carried out.

(2) All cheques for sums exceeding Rs. 20 in amount must bear a one-anna receipt stamp, which must be affixed before the cheque is signed, and the cost of the stamp will be borne by the District Board against the account of which the cheque is drawn and not by the person in whose favour the cheque is drawn.

(3) When payment is to be made from a sub-treasury to a person who is not the Tahsíldár, the cheque should be drawn up as usual and forwarded to the Treasury Officer, who will return it after endorsing thereon an order to the Tahsíldár to pay the money. If, however, cheques are drawn in favour of a Tahsíldár in order that the actual payment may be made through him, a Tahsíldár's Letter of Credit will be issued and the cheque retained in the Sadar Treasury in support of the charge.

(4) In cases of cheques for salaries of establishment, &c., where income-tax deductions have to be made from employés liable to the assessment, a certificate should be recorded on the back of the cheque, showing—

(*a*) the amount on which the income-tax has been levied,

(*b*) the rate at which calculated, whether at 4 or 5 pies the rupee, and

(*c*) the amount of income-tax deducted.

The cheque should be drawn for the gross amount and sent to the Treasury Officer, who will pay the net amount in cash and credit the difference to income tax.

Cancellation of cheque.

(11) When a signed cheque is cancelled it shall be enfaced or stamped "cancelled" by the Chairman, and shall be destroyed as soon as the accounts for the month in which the cheque was drawn have been submitted to the Accountant-General. The fact of cancellation shall be noted in red ink, under the initials of the drawer of the cheque, upon the counterfoil, and also across the passing order which has been enfaced upon the voucher.

Adjustment of cancelled cheques.

(12) If the cheque is cancelled on the day of issue, before the Register of Payments is closed, all that is necessary is to strike out the entry in red ink under the initials of the Chairman. If, however, the Register of Payments has been closed and the cancellation is made in the same year, the cheque shall be removed from the list of outstanding cheques, and the amount credited in the Register of Receipts as a miscellaneous receipt, "deduct" entries being at the same time made in the adjustment register under that head and the head of expenditure to which it was originally charged.

(13) In rare instances it may happen that a cheque is cancelled after the accounts of the year have been compiled and published. In this case the cheque shall be removed from the list of outstanding cheques by entry in column 8 of the Register of Cheques (Form G), and the amount shall be entered in the Register of Receipts as a miscellaneous receipt.

Register of Cheques.

(14) The Register of Cheques (Form G) will be posted daily. Columns 6 and 7 are to be posted from the Treasury pass-book. The register should be closed daily, and the total amount of cheques issued should be agreed, both daily and monthly, with the Register of Payments.

NOTE.—Allowance will have to be made for any differences caused by book adjustments communicated by the Accountant-General.

PERMANENT ADVANCE.

Acknowledgment of permanent advance.

XXXIX.—(1) On first receiving or taking charge of the permanent advance the Chairman shall sign and file an acknowledgment in these terms: "I acknowledge to have in my possession a permanent advance of Rs. (Rs.), which sum is due from me to the District Board, and I am personally accountable for the amount." A similar acknowledgment shall also be given by the Chairman on the first working day of each year.

Recording in accounts of permanent advance.

(2) The permanent advance when first drawn shall be charged in the Register of Payments to the head "Advances," and shall be debited to the Chairman's account in the Advance Ledger (Form J). There will be no further operations upon the ledger account until the advance is finally repaid. It need not be repaid at the end of each year. If the amount originally fixed for the permanent advance is subsequently increased or decreased, the original advance shall be repaid and a fresh advance drawn.

Payments from permanent advance.

(3) The Chairman shall make payments from his permanent advance from time to time as may be required, and for each payment he shall obtain and hold a bill receipted by the payee, or, in the case of petty office expenses, a written detailed statement of the sums spent. These bills or statements shall be numbered consecutively, enfaced or stamped "Paid in cash," and entered in the register in Form H as soon as they are paid, the classification of the charges being carefully entered in the columns provided for the purpose.

Recoupment of permanent advance.

(4) The permanent advance may be recouped whenever necessary, and it must always be recouped on the last working day of the month by an abstract contingent bill. The procedure of recoupment is as follows:—The Chairman shall compare the sub-vouchers with the entries in the permanent advance account; he shall deface them by stamping them "cancelled," so that they cannot be used again; he shall total and initial the column "Amount of sub-voucher" in the permanent advance account, and also the amounts in the classification columns, the cross total of which should agree with the total of the column "Amount of sub-voucher," and shall rule a red ink line across the page, immediately above which line the number, date and amount of the voucher for recoupment shall be shown in the last two columns.

Bill for recoupment.

(5) The abstract bill for recoupment shall be drawn and enfaced with the usual payment order. The Chairman shall draw out a cheque in his own favour for the amount and sign the certificate in the voucher and the entries in the last two columns of the register.

ADVANCES AND DEPOSITS.

Advance account.

XL.—(1) All moneys advanced to officers or employés of the District Board, or to contractors or other persons, shall, in the first instance, be charged to the appropriate expenditure head concerned, where this is possible, otherwise to "Advances" in the Register of Payments. In either case they shall also be entered in the Advance Ledger, Form J, in order that their adjustment may be duly watched. A separate account shall be opened in this ledger for each person to whom an advance has been given, and this account shall be credited with the amounts of repayments made.

NOTE.—Credit shall be afforded to this account for the value of work done, supplies received, and the like, only on detailed bills passed by the Chairman and accompanied by proper vouchers duly defaced. The amount of the credits, in cases in which the advances have been debited to "Advances," will be entered in the column "Advances recovered" in the Register of Receipts, the amount being at the same time posted in the appropriate column in the Register of Payments.

(2) All sums of money received by way of security deposit from contractors or others, and all sums received which are not the property of the District Fund, and have been placed with the District Board for a temporary purpose only, shall be credited to the head "Deposits received" in the Register of Receipts, and shall be entered on the credit or receipt side of the Deposit Ledger, Form K. A separate account shall be opened in this ledger for each person by whom a deposit is made, and this account shall be debited with the amount of repayments made.

Verification of balances.

(3) Each separate account in the ledgers of advances and deposits shall be specially reviewed by the Chairman not less often than once a quarter. At the close of every quarter a list in Form L shall be prepared of outstanding advances, and a list of outstanding deposits in Form M.

XLI.—(1) The Cash-book in Form N will contain only the daily totals of the Register of Receipts and Register of Payments.

(2) At the end of the month the Cash-book shall be closed, and shall be signed by the Chairman in token of the correctness of the entries and of the totals of the receipts and charges therein exhibited.

Closing of Cash-book.

NOTE.—In the event of any cheques issued during a month remaining unpaid at the close of the month there will necessarily be a difference between the balance brought out in the Cash-book and that of the Treasury Pass-book. This difference should be explained by a note on the last page of the Cash-book for the month in the following manner:—

ACCOUNTS AND RETURNS.

XLII.—(1) As soon as possible after the close of each month, and not later than the 5th of the following month, the District Board shall furnish the Accountant-General with Abstracts of Receipts and Expenditure, in Forms O and P, supported by the vouchers or paid bills. The vouchers shall be accompanied by a covering list showing (1) date of payment, (2) No. of voucher, (3) to whom paid, and (4) amount. The total of the list should agree with the total of the Register of Payments in the Board's office, and of the Monthly Abstract of Expenditure submitted to the Accountant-General.

Monthly accounts.

NOTE.—For the accounts for March an allowance of four days will be given over the due date.

(2) At the close of each month the Register of Receipts and Register of Payments will be added up and the totals up to the end of the previous month added to those of the month just expiring, and grand totals made from 1st April to date as provided for in the forms. The progressive expenditure under each head should then be compared with the budget grants noted at the top of the Register of Payments, and if the expenditure under any head shows that the grant is likely to be exceeded, or if it has been exceeded, application should at once be made for sanction to cover the excess.

Check over expenditure.

(3) The District Board shall prepare annually a consolidated account showing the receipts and expenditure of the Fund classified under the major heads, minor heads and sub-heads contained in the monthly accounts. The totals of the details under each head of receipt and payment as given in the said consolidated account must agree exactly with the figures appearing against the entry "From 1st April to date" under the same heads in the monthly accounts (Forms O and P) forwarded to the Accountant-General for the month of March last preceding.

Preparation of annual account.

(4) The annual account shall be forwarded to the Accountant-General through the Commissioner and Superintendent of the Division not later than the 1st of May, and the Accountant General after verification will submit it to the Local Government along with the Annual Report under Article 1375, Civil Account Code.

Submission of annual account.

(5) All receipts and expenditure shall be classified in the accounts in accordance with the account heads. All expenditure is subject to budget provision and must be classified in the accounts under the appropriate major, minor and sub-heads with reference to the nature of the charge, whether specific budget provision exists or not; and no expenditure which from its nature properly falls under one of the other prescribed heads shall be classified under the head "Miscellaneous" on the ground that there is no specific budget provision for the charge.

Classification.

ADJUSTMENTS.

XLIII.—(1) For the record of transactions other than cash a Register of Adjustments shall be opened in Form Q, in which a few sample headings have been given in way of illustration.

Adjustment Register.

The chief adjustments are—

(*a*) Rectification of errors in classification.

(*b*) Adjustments due to refunds of income or recoveries of expenditure.

These transactions shall be entered item by item in the Register of Adjustments (Form Q), whence the totals pass into the Register of Receipts and Register of Payments on the last day of the month.

Method of entry.

(2) The method of entry in the Register of Adjustments is as follows :—

In case (*a*) the adjustment shall be made by entering the amount in the space for "add entries" in the column for the head to which the amount is to be added, and again in red ink in the space for "deduct entries" in the column for the head from which the amount is to be deducted. Both entries will be made on the receipt side if the amount is to be transferred from one head of receipt to another, and both will be made on the expenditure side if the amount is to be transferred from one head of expenditure to another.

In case (*b*) an adjustment shall be made only when the income was originally received, or the expenditure incurred, in the same year in which the refund or recovery is made.

When income is refunded the refund shall be charged in the Register of Payments to the major head of expenditure corresponding to the major head of receipt to which it was originally credited. The amount shall then be deducted in the Adjustment Register from both the head of receipt to which it was originally credited and the head of expenditure to which the refund is charged.

When expenditure is recovered the amount shall be credited in the Register of Receipts to the major head of receipt corresponding to the major head to which the expenditure was originally charged, or, if there is no such head, to "XXV—Miscellaneous." The amount shall then be deducted in the Adjustment Register from both the head of expenditure to which it was originally charged and the head of receipt to which the recovery is credited.

Adjustments by deduction.

(3) Adjustments made by deduction in the Register of Receipts and Register of Payments shall always be written in red ink.

AUDIT RULES.

Authority for charges.

XLIV.—(1) Every charge must be borne out by the provisions of the Act itself or by some order of competent authority, general or special, passed under it, and must have been provided for either in the budget or by a separate order of allotment.

NOTE (1).—A sanction for any charge which has not been acted on for a year must be held to have lapsed unless it is specially renewed. No charge should be incurred even after renewal of sanction unless there is budget provision, or special provision has been made by re-appropriation. All grants for contingent expenditure expire on the 31st March of the year for which they have been allotted, and if any such charge is expected after that date it must be provided for afresh in the following year's budget.

NOTE (2).—All proposals for alteration in existing establishments and for new establishments, whether permanent or temporary, should be made in proposition statements similar to Civil Account Code Form No. 5, accompanied by re-appropriation statements for additional expenditure involved, showing how the proposed new expenditure can be met from the sanctioned estimates. A copy of the proposals as sanctioned by the qualified authority should be forwarded to the Accountant General: without such sanction no establishment should either be entertained or paid.

Charge not to be excessive.

(2) The expenditure must be such as is actually necessary, and not greater than the occasion demands.

Claims to be properly discharged.

(3) Every charge must be supported by a voucher proving that the payment has as a fact been made, that it has been disbursed to the proper person, and that it has been so acknowledged and recorded that a second claim on the same account is impossible. It should be remembered that the person ordering the payment has not only to satisfy himself, but also the auditing officer that the claim is valid and that it has been properly discharged. The voucher must be in the prescribed form and otherwise in order.

Attestation of alterations, &c.

(4) All vouchers must be arithmetically checked. They should be free from erasures or alterations of figures, and corrections, if any, should be neatly made in red ink and attested by the payee as well as the officer ordering payment. The signature of the payee should be witnessed when made by mark or seal. It should also be witnessed, even when the payee signs his name, if he be not well known and if he be paid in cash and not by cheque.

NOTE.—In the case of joint contractors the signatures of all the parties, as recorded in the contract deed, must be obtained in acknowledgment of each payment, except in the case of well-known firms.

Receipts to be legal quittance.

(5) A District Board Officer drawing any pay or allowance exceeding Rs. 20 for himself on a separate bill shall affix to it a one-anna receipt stamp. If he draws it along with the pay of other persons on his establishment he need not stamp the bill, but should attach a receipt stamp to the acknowledgment he is bound to give in the office acquittance roll.

Leave allowances, &c., to be subject to the rules in the Civil Service Regulations.

(6) All leave, acting and travelling allowances, as well as pensions and gratuities payable to any District Board employé, shall be subject to the rules which regulate the payment of such allowances from Imperial or Provincial Revenues, and shall not exceed what would be admissible under the provisions of the Civil Service Regulations.

Responsibility for overcharges.

(7) The responsibility for an overcharge in respect of salaries and allowances will rest with the drawer of a bill. The responsibility for an over-payment made on any other kind of bill will rest with the officer who ordered payment of such bill.

Contingent charges.

(8) Contingent charges shall be recorded as charges of the month in which they were actually disbursed by a cheque, not of the month in which the purchases may have been made, or the expenditure incurred.

Where countersignature is required it is the duty of the countersigning officer to see that the charges made are necessary; that they are at fair and reasonable rates; that previous sanction for any item requiring it is attached; that all vouchers exceeding Rs. 10 are received and in order, and specially that expenditure has not exceeded, and is not likely to exceed, the grant. The spending officer will be held personally responsible for expenditure in excess of the grant, unless and until the overdrawal has been sanctioned by competent authority. In the case of telegrams and postage charges, the countersigning officer should satisfy himself, as far as possible, that the expenditure was incurred solely on behalf of the District Board.

Payments not to be made on clerk's signature.

(9) No payment may, in any circumstances, be made on a voucher or order signed by a clerk instead of the Chairman, although in the absence of the latter the clerk be in the habit of signing letters for him. Nor may any moneys be paid on a voucher or order signed with a stamp in pencil or in chalk.

Irregular adjustment of salaries.

(10) The salaries of officers should not be readjusted by giving one officer more and another less than the sanctioned pay of his post, nor should the pay of an absentee be distributed otherwise than as provided for in the Civil Service Regulations.

Purely vernacular vouchers.

(11) On purely vernacular vouchers a brief abstract should be endorsed in English stating the amount, the name of the payee, and the nature of the payment.

MISCELLANEOUS.

Calls for returns.

XLV.—(1) All calls for information or special returns by the Audit Officer shall be attended to as early as practicable, and his instructions in matters of account shall be considered final unless they are specially overruled by the Local Government.

Register of Establishment.

(2) The Chairman shall cause to be kept a Register of Establishment in Form R, showing, in respect of all establishments whatsoever employed by the District Board, the particulars specified in the form. A separate page or section shall be allotted to each class of establishment. All changes made by competent authority from time to time in the numbers, nomenclature, or salaries of the establishment shall be immediately entered in the register with the number and date of the orders authorising the change. A fresh corrected register should be written up whenever required. This register will merely show the number and class of appointments actually sanctioned from time to time, with the rates of pay attached, but without any details of the existing incumbents.

Embezzlements.

(3) The Chairman shall promptly report to the Accountant-General the occurrence of any embezzlement or misappropriation of District Fund moneys. The report shall contain full information of the sum misappropriated, the method in which the embezzlement was effected, and the steps taken to recover the money and to punish the offender.

(4) Duplicates or copies of receipts granted for money received, or duplicates or copies of bills or other documents for the payment of money which has already been paid, should not be issued on the allegation that the originals have been lost. If any necessity arises for such a document, a certificate may be given that on a specified day a certain sum on a certain account was received from, or paid to, a certain person. In the case of a bill passed for payment, but lost before being cashed, the officer who drew the original bill or voucher may issue a duplicate which should bear distinctly on its face the word "duplicate" written in red ink, but before issue it should be ascertained by reference to the records in the office that payment has not been made on the original.

Duplicate bills.

(5) If security is furnished in Government Promissory Notes, they should be forwarded to the Accountant-General for safe custody. If furnished in cash and deposited in the local Savings Bank, the pass-book should be kept in the personal custody of the Chairman. A register should be maintained showing the receipt and issue of such Promissory Notes or pass-books.

Securities.

(6) An annual indent for the supply of forms required for the use of the Board for the ensuing financial year shall be prepared, in the form prescribed for the indent of Treasury Forms, and submitted on or before the 1st November each year to the Accountant-General, who will forward a consolidated indent to the Superintendent, Government Press, for compliance. The cost of the forms supplied will be recovered by the Superintendent, Government Press, and provision for this should be made in the budget estimate. Supplementary indents should be avoided as far as possible, and should be submitted only in case of urgent necessity, which should be fully explained.

Indent for forms.

BYE-LAWS.

1. Every person intending to erect or re-erect any building shall give notice in writing to the President, Vice-President (who will then refer it to the Sub-Committee) or Public Works Sub-Committee direct, and shall submit an accurate plan of the said building showing the level of the foundation and the lowest floor and materials to be used.

He shall also give full information as to the following particulars:—

(*a*) The passage or way in front of the building.

(*b*) Ventilation and drainage.

(*c*) Level and width of the foundation and level of lowest floor and stability of structure.

(*d*) The line of frontage with neighbouring houses if the building abuts a street or public thoroughfare.

(*e*) Projections over public streets, &c., for which sanction under Section 95 is required.

2. Where permission to contruct projections is desired, the notice shall be accompanied by an elevation showing height above ground and width of projection.

3. Where a building is to be re-erected and it is alleged that the projections already exist, all such existing projections shall be fully described. It is, however, to be understood that the existence of projections in the old buildings does not give rise to any claim as of right to the re-construction of similar projections in the new if they are considered by the Committee to be for any reason objectionable.

4. Where the proposal is to increase the superstructure of existing foundations a ground plan will not be necessary, but the other conditions of the above bye-laws shall apply as far as may be, provided that where the roof of such superstructure is to be of wood, tiles, corrugated iron, or other light material, a simple notice will be sufficient, and no plan or specification will be required.

5. Where in the opinion of the President, Vice-President, Public Works Sub-Committee or of the Committee further particulars of the kind described in Section 92 are necessary, they shall call upon the applicant to furnish the same, and he shall be bound to comply upon pain of sanction being refused to the erection of the building.

6. Where the applicant is unable to provide the plans, &c., required by these bye-laws he may apply to the President, Vice-President or the Public Works Sub-Committee to have them prepared for him by the Municipal Draughtsman, and for this service such fees as may from time to time be fixed by the Municipal Committee shall be paid in advance.

7. The President, Vice-President, or the Public Works Sub-Committee will see that no avoidable delay takes place in the preparation of plans by the Municipal Draughtsman. When the plans are ready, they shall be made over to the applicant for presentation with his notice.

8. The date of the notice shall be the date on which it is filed with all plans, &c., required by these bye-laws. The notice, plans, specifications, &c., shall be verified by the signature of person or persons giving the notice.

9. On receipt of this notice direct by the Public Works Sub-Committee or through the President or Vice-President, it shall be the duty of the Sub-Committee to inspect the locality without delay. The inspection by the Sub-Committee should usually be made within seven days from the date of the notice.

10. It will be the duty of the Public Works Sub-Committee to see that the plan is correct, and to satisfy itself regarding the following particulars :—

(a) that the building does not encroach upon the street or public property of any kind or interfere with the public drains;

(b) that means of access are provided which will obviate the necessity for subsequent applications to build stairs or ramps projecting into the street;

(c) that the line of frontage is appropriate with regard to that of adjoining buildings;

(d) that the internal sanitary arrangements and the connections of the house drains with the public sewers are suitable;

(e) that it is not necessary to acquire any portion of the site for the improvement of the street or for any other purpose;

(f) where projections under Section 95 are proposed whether they can be allowed under standing orders of the Committee in this behalf and whether permission should be granted.

11. Where the proposed erection or re-erection satisfies all the requirements of the preceding bye-laws the Public Works Sub-Committee shall give permission in writing.

12. In other cases the Public Works Sub-Committee shall report the circumstances with their opinion for orders of the Municipal Committee.

13. Any person who shall commit a breach of the above bye-laws shall be punishable with a fine which may extend to Rs. 500, and when the breach is a continuous one with a further fine, which may extend to Rs. 5 for every day after the first during which the breach continues.
